

1 research ct rockville md 20850

1 research ct rockville md 20850 is a prominent address located in Rockville, Maryland, known for its significance in the fields of scientific research, technology, and innovation. This location is home to several research institutions and facilities that contribute to advancements in biotechnology, pharmaceuticals, and healthcare services. Understanding the features and advantages of 1 research ct rockville md 20850 can provide valuable insight into why this area is a hub for professionals and organizations in these sectors. This article explores the location's amenities, nearby resources, transportation options, and the overall business environment. The detailed overview will help prospective investors, employees, and visitors make informed decisions about engaging with this key area in Rockville.

- Overview of 1 Research Ct Rockville MD 20850
- Research and Innovation Facilities
- Location and Accessibility
- Business Environment and Economic Impact
- Nearby Amenities and Services

Overview of 1 Research Ct Rockville MD 20850

1 research ct rockville md 20850 is situated in the heart of Rockville, a city within Montgomery County, Maryland. This address is especially known for its association with scientific research and development activities. The property serves as a base for organizations engaged in cutting-edge research,

particularly in the biomedical and technological fields. Its strategic location within the Baltimore-Washington metropolitan area makes it an ideal spot for collaboration among government agencies, private enterprises, and academic institutions.

The building and campus at 1 Research Ct offer state-of-the-art infrastructure designed to support various research initiatives, including laboratory spaces, conference rooms, and office facilities. This environment fosters innovation and productivity, attracting a diverse range of professionals and companies dedicated to advancing scientific knowledge and healthcare solutions.

Research and Innovation Facilities

The facilities at 1 research ct rockville md 20850 are equipped to support high-level research and development projects. These include laboratories with advanced instrumentation, clean rooms for sensitive experiments, and collaborative workspaces designed to encourage interaction among researchers.

Key Features of Research Facilities

Many of the research centers located at this address focus on areas such as biotechnology, pharmacology, and medical device development. The infrastructure supports a variety of functions, including:

- Molecular biology and genetic research laboratories
- Clinical trial coordination centers
- Regulatory and compliance offices
- Technology incubation and startup support spaces

This combination of resources enables organizations at 1 Research Ct to conduct comprehensive

research activities, from basic science to applied clinical studies, facilitating the translation of discoveries into practical healthcare advancements.

Location and Accessibility

Accessibility is a key advantage of 1 Research Ct Rockville MD 20850. Located in Rockville, the site benefits from proximity to major highways, public transportation, and airports, making it convenient for employees, collaborators, and visitors.

Transportation Options

The area is well-served by several modes of transportation:

- Major highways such as I-270 and MD-355 provide easy road access to Washington, D.C., and Baltimore.
- Rockville Metro Station on the Red Line offers public transit options connecting the site to the broader Washington metropolitan area.
- Nearby bus routes facilitate local commuting within Montgomery County.
- Proximity to Baltimore/Washington International Thurgood Marshall Airport (BWI) and Ronald Reagan Washington National Airport supports national and international travel.

This transportation infrastructure enhances the appeal of 1 Research Ct for businesses requiring frequent travel or collaboration with partners in different regions.

Business Environment and Economic Impact

The business climate surrounding 1 research ct rockville md 20850 is vibrant and supportive of innovation-led enterprises. Rockville itself is recognized as a center for life sciences and technology industries, supported by a skilled workforce and strong institutional backing.

Economic Contributions

The presence of research institutions at this address contributes significantly to the local economy through job creation, investment attraction, and partnerships with universities and government bodies.

Key economic impacts include:

1. Employment opportunities in scientific research, administrative support, and technical services.
2. Development of new products and technologies with commercial potential.
3. Collaboration with federal agencies such as the National Institutes of Health (NIH) based in nearby Bethesda.
4. Support for startups and small businesses through incubator programs and networking events.

This ecosystem not only boosts economic growth but also elevates the region's status as a leader in health and technology innovation.

Nearby Amenities and Services

In addition to its professional advantages, 1 research ct rockville md 20850 is surrounded by a variety of amenities that enhance quality of life for workers and visitors. These include dining options, retail centers, recreational facilities, and healthcare services.

Local Amenities

- Restaurants offering diverse cuisines suitable for business lunches and casual dining.
- Shopping centers providing everyday essentials and specialty stores.
- Parks and green spaces such as Rockville Civic Center Park for outdoor activities and relaxation.
- Medical centers and urgent care facilities ensuring prompt healthcare access.

These conveniences support a balanced work environment, making 1 Research Ct an attractive destination for companies and professionals alike.

Frequently Asked Questions

What is located at 1 Research Ct, Rockville, MD 20850?

1 Research Ct, Rockville, MD 20850 is a commercial office building that houses various businesses and organizations, including biotech and research companies.

Are there any biotech companies at 1 Research Ct, Rockville, MD 20850?

Yes, 1 Research Ct in Rockville is known for hosting several biotech and pharmaceutical companies due to its proximity to the biotech hub in the Maryland region.

How can I get to 1 Research Ct, Rockville, MD 20850 using public transportation?

You can reach 1 Research Ct via Metrobus and Ride On bus routes serving the Rockville area, with the nearest Metro station being Rockville Metro Station on the Red Line, followed by a short bus ride or taxi.

What amenities are available near 1 Research Ct, Rockville, MD 20850?

Nearby amenities include restaurants, cafes, hotels, and shopping centers such as the Rockville Town Square, providing convenient options for dining and services.

Is parking available at 1 Research Ct, Rockville, MD 20850?

Yes, 1 Research Ct offers on-site parking facilities for tenants and visitors, though availability may vary and some spaces may require permits or fees.

Can I rent office space at 1 Research Ct, Rockville, MD 20850?

Office space at 1 Research Ct is available for lease, and interested parties should contact local commercial real estate agents or property management companies for current listings and pricing.

What companies have offices at 1 Research Ct, Rockville, MD 20850?

The building hosts a variety of companies, particularly in the biotech, pharmaceutical, and research sectors, but specific tenant lists can be obtained through property management or commercial real estate platforms.

Is 1 Research Ct, Rockville, MD 20850 close to major highways and transportation routes?

Yes, 1 Research Ct is conveniently located near major highways such as I-270 and the Capital Beltway (I-495), providing easy access to Washington, D.C. and other parts of the Maryland and Virginia region.

Additional Resources

1. *Medical Innovations at Research Ct Rockville MD 20850: A Comprehensive Overview*

This book explores the cutting-edge medical research and technological advancements taking place at Research Ct in Rockville, MD. It highlights key projects, breakthroughs, and the impact on healthcare. Readers gain insights into how this hub contributes to medical science and patient care.

2. *Biotech and Pharmaceutical Developments in Rockville, Maryland*

Focusing on the vibrant biotech industry around Rockville, this book delves into the pharmaceutical companies and research institutions located near 1 Research Ct. It covers drug development processes, clinical trials, and the collaboration between researchers and industry leaders.

3. *The Science Corridor: Rockville's Role in Maryland's Research Landscape*

This title places 1 Research Ct within the larger context of Maryland's Science Corridor. It discusses how Rockville's research centers foster innovation, economic growth, and partnerships with universities and government agencies.

4. *Clinical Trials and Patient Care Innovations in Rockville*

Highlighting the clinical trials conducted at Rockville's research facilities, this book presents case studies and success stories of new treatments tested at 1 Research Ct. It also examines the ethical considerations and regulatory environment influencing clinical research.

5. *Advances in Biomedical Engineering: Insights from Rockville Research Centers*

This book covers the latest advancements in biomedical engineering emerging from research labs in Rockville. Topics include medical devices, imaging technologies, and regenerative medicine, showcasing contributions from 1 Research Ct researchers.

6. Public Health Research and Policy Development in Montgomery County

Exploring the public health initiatives connected to research at Rockville, MD, this book discusses how data and findings from 1 Research Ct influence local and national health policies. It also addresses community health challenges and innovative solutions.

7. Rockville's Research Ecosystem: Collaboration Between Academia and Industry

This title examines the partnerships between academic institutions and private companies operating near 1 Research Ct. It highlights how these collaborations accelerate innovation and translate research into marketable health solutions.

8. Environmental Health Studies Conducted in Rockville, Maryland

Focusing on environmental research, this book outlines studies on pollution, occupational health, and sustainability efforts centered around Rockville's research facilities. It provides an understanding of how environmental factors affect community health.

9. Future Trends in Medical Research: Perspectives from Rockville's 1 Research Ct

Looking ahead, this book speculates on upcoming trends and technologies in medical research based on work happening at 1 Research Ct. It discusses emerging fields like personalized medicine, artificial intelligence in healthcare, and gene editing.

1 research ct rockville md 20850: Genetic Hearing Impairment C. W. R. J. Cremers, R. J. H. Smith, 2002-07 A decade of innovative findings in the research of molecular biology of hearing and deafness is reflected in this volume. The genetic causes for many types of syndromic and non-syndromic deafness are identified and genotypic-phenotypic relationships are explored. Although the type and degree of deafness caused by mutations in different genes significantly overlap, relatively unique age-related audiometric profiles are also emerging. For example, the audioprofile of DFNA1 and DFNA6-14 is a low-frequency sensorineural hearing loss; with DFNA8-14 it is a mid-frequency sensorineural hearing loss, and with DFNA2, DFNA5 and DFNA20-26 it is a high-frequency progressive hearing loss. Recognizing such audioprofiles can facilitate well-guided decision-making in clinical practice and can direct genetic testing for deafness. With an accurate genetic diagnosis, prognostic information can be provided to patients and their families. In the future, gene-specific habilitation options may also become available. To keep up to date with new clinical standards of diagnosing genetic hearing impairment, this book is indispensable reading to otorhinolaryngologists and audiologists.

1 research ct rockville md 20850: Pharmacometrics Ene I. Ette, Paul J. Williams, 2013-03-14 Pharmacometrics is the science of interpreting and describing pharmacology in a quantitative fashion. The pharmaceutical industry is integrating pharmacometrics into its drug development program, but there is a lack of and need for experienced pharmacometricians since fewer and fewer academic programs exist to train them. Pharmacometrics: The Science of Quantitative Pharmacology lays out the science of pharmacometrics and its application to drug development, evaluation, and patient pharmacotherapy, providing a comprehensive set of tools for the training and development of pharmacometricians. Edited and written by key leaders in the field, this flagship text on pharmacometrics: Integrates theory and practice to let the reader apply principles and concepts. Provides a comprehensive set of tools for training and developing expertise in the pharmacometric field. Is unique in including computer code information with the examples. This volume is an invaluable resource for all pharmacometricians, statisticians, teachers, graduate and undergraduate students in academia, industry, and regulatory agencies.

1 research ct rockville md 20850: A Great Meeting Needs a Great Secretary! Colette Collier Trohan, 2015-08-25 This book is dedicated to everyone who has ever tried to keep up with the rapid-fire actions of a busy meeting while making sure nothing got lost, ignored, folded, spindled, or mutilated. Where rules are quoted, they are substantially in conformance with the rules contained in Robert's Rules of Order Newly Revised, eleventh edition (Da Capo Press 2011), also called RONR, and American Institute of Parliamentarians Standard Code of Parliamentary Procedure (McGraw Hill, 2012), also called AIPSC. However, for clarity and ease of use by the average member, some of the more detailed points of these books have been omitted. For complex situations, we suggest that the reader refer to the association's specific parliamentary authority. Additional information has been included that is based on the author's experience with boards of directors and organizations throughout the country.

1 research ct rockville md 20850: **A Great Meeting Needs a Great Treasurer!** Colette Collier Trohan, 2017-02-03 Have you ever known a person elected as treasurer who works into the wee hours to keep their association or club finances in perfect balance? Whether using an abacus, stones, a calculator, or fingers and toes, the job is all about being able to answer basic questions about the financial assets of the association. The fundamental nature of the treasurer's position is more closely linked to the size of the association than any of the other leadership positions. The treasurer of a local club will likely be the sole keeper of the association's financial records and perform all of the tasks associated with the position, while the treasurer of a large national association will probably never write a check or make a deposit. We refer to the treasurer who performs the financial tasks as the practicing treasurer, and the treasurer who works with a paid staff who performs the financial tasks as the fiduciary treasurer. Whatever the tasks, all treasurers have the responsibility to serve as the elected custodian of the association's funds. Like the other tools in the Great Leaders Collection, there are two sections: a front section that explains how to make the financial handoff from one treasurer to another, basic records, and instructions for conducting audits, creating budgets, and other financial reports; the back section contains forms and templates for invoices, receipts, reimbursements, and a variety of reports. Sample financial policies are also included. Where procedural rules are quoted, they are substantially in conformance with the rules contained in Robert's Rules of Order Newly Revised, eleventh edition (Da Capo Press 2011), also called RONR, and American Institute of Parliamentarians Standard Code of Parliamentary Procedure (McGraw Hill, 2012), also called AIPSC. However, for clarity and ease of use by the average member, some of the more detailed points of these books have been omitted. For complex situations, we suggest that the reader refer to the association's specific parliamentary authority. Additional information has been included that is based on the author's experience with boards of directors and organizations throughout the country. A Great Meeting Needs a Great Treasurer is the perfect resource for the treasurer.
