Understanding the "Begin to Cry" Clue in NYT Puzzles

The phrase "begin to cry" is a common type of clue encountered in New York Times crossword puzzles. Such clues typically prompt solvers to find a verb or phrase that means to start shedding tears or to express sadness vocally. Crossword clues like this often test knowledge of synonyms, idiomatic expressions, and sometimes wordplay that involves breaking down the phrase into smaller parts or interpreting it figuratively. Recognizing how the clue functions is essential for finding the correct answer.

Nature of the Clue

In crossword puzzles, "begin to cry" is often a straightforward definition clue, asking for a word synonymous with "start crying." However, the clue may also involve wordplay or a hidden meaning, depending on the puzzle's difficulty level. Sometimes, it may require the solver to think of slang,

informal terms, or even an acronym. Understanding this aspect can help narrow down possible answers.

Importance in NYT Crosswords

New York Times puzzles are known for their clever and varied clues. The "begin to cry" clue is particularly popular because it is concise but can have multiple correct answers depending on the puzzle's theme or difficulty. This makes it an excellent example of how language nuances are employed in crossword construction.

Common Answers to "Begin to Cry" in NYT Crosswords

Several answers frequently appear as solutions to the "begin to cry" clue in NYT crosswords. These answers typically vary in length and style, but all share the meaning of starting to shed tears or vocalize sorrow. Familiarity with these common answers can speed up solving and improve overall puzzle-solving skills.

Typical Answers

- **WAIL** – A common four-letter word signifying a loud cry or lament.
- **SNIVEL** – Often used to describe crying with a snuffle or whining tone.
- **BLUBBER** – Refers to crying noisily and uncontrollably.
- **TEAR UP** – A phrase meaning to begin shedding tears, often used in two-word answers.
- **WHINE** – Sometimes used when the crying is associated with complaining or a high-pitched sound.

Variations by Puzzle Difficulty

In easier puzzles, answers tend to be more common and straightforward, such as "WAIL" or "TEAR UP." In more challenging puzzles, solvers might encounter less common or more playful answers. This variability keeps the solving

experience engaging and tests a solver's vocabulary and lateral thinking.

Strategies for Solving Clues Like "Begin to Cry"

Successfully solving the "begin to cry nyt answer" clue requires a combination of linguistic knowledge and strategic puzzle-solving techniques. Employing effective strategies can help decipher this and similar clues more efficiently.

Analyzing Clue Structure

One useful strategy is to analyze the clue's wording carefully. Phrases like "begin to" suggest the answer might be a verb in its base or present tense form, indicating an action initiating crying. Recognizing this can help focus on verbs rather than nouns or adjectives.

Considering Word Length and Crossings

The number of letters required for the answer, as indicated by the crossword grid, is critical. Crossings with other words provide additional hints by revealing certain letters. Combining these known letters with the clue meaning usually leads directly to the correct answer.

Utilizing Synonyms and Related Terms

Building a mental list of synonyms for crying can be beneficial. Words like "sob," "weep," "blubber," and "wail" are all possible answers, depending on the puzzle. Practicing with these synonyms enhances vocabulary and helps in rapid recall during puzzles.

Leveraging Theme and Puzzle Context

Many NYT puzzles include themes that influence answer choices. Understanding the theme can guide the solver toward answers that fit the overall puzzle narrative, even if those answers are less common in everyday language.

The Role of Context in Determining the Correct Answer

Context plays a pivotal role in identifying the correct "begin to cry nyt answer." The surrounding clues, the puzzle's theme, and even the day of the week the puzzle is published can all impact the answer selection.

Theme Influence

When a puzzle has a specific theme—such as emotions, childhood, or literature—the "begin to cry" clue may have an answer that aligns with the theme. For example, a puzzle themed around children might prefer "SNIVEL" over "WAIL."

Crossword Grid Constraints

The placement of the answer within the crossword grid sometimes restricts possible solutions. Letters from intersecting words can confirm or eliminate certain options, making context within the puzzle grid invaluable.

Day of the Week and Difficulty Level

NYT puzzles increase in difficulty from Monday to Saturday, with Sunday being a larger, themed puzzle. The "begin to cry" clue answer on a Monday puzzle is likely to be simpler and more common, whereas later-week puzzles can feature more obscure or playful answers.

Additional Tips for NYT Crossword Enthusiasts

Beyond understanding the "begin to cry nyt answer" itself, solvers can benefit from general tips that enhance overall performance when tackling NYT crosswords.

Develop a Broad Vocabulary

A wide-ranging vocabulary including synonyms, idioms, and slang related to emotions and actions is advantageous. This knowledge base supports quick

recognition of answers to clues involving feelings, such as crying.

Practice Regularly

Consistent practice with NYT crosswords improves pattern recognition, clue interpretation, and familiarity with the puzzle's style and common answers.

Use Pencil and Eraser or Digital Tools

Working with erasable tools allows for experimentation with answers, especially when uncertain. Many digital crossword platforms offer helpful features like check and reveal, aiding learning and solution verification.

Learn Common Crossword Abbreviations and Conventions

Many clues rely on standard abbreviations and conventions. Understanding these improves the ability to decode more cryptic or indirect clues.

Join Crossword Communities

Engaging with other solvers through forums or social media groups can provide new insights, explanations, and support, enhancing the solving experience.

1. Pay attention to clue wording and tense.
2. Use crossing letters to confirm answers.
3. Consider puzzle theme and difficulty.
4. Expand vocabulary related to emotions and actions.
5. Practice regularly and learn from mistakes.

Frequently Asked Questions

What does the phrase 'begin to cry' mean in the NYT crossword context?

In the New York Times crossword context, 'begin to cry' typically clues the answer 'SOB,' which means to start crying or weeping.

What is the common answer for 'begin to cry' in NYT crosswords?

begin to cry nyt answer: Splintered Sisterhood Susan E. Marshall, 1997-07-15 Stuart J. Wright tells the gripping story of a World War II American aircrew of the 453rd Bomb Group serving under Operations Officer Major James Stewart (the Hollywood movie star) and flying missions from England in a B-24 Liberator bomber nicknamed Corky, In recounting the harrowing conditions and horrors of bombing missions over Europe, An Emotional Gauntlet emphasizes the relationships among the crew and the spirit these men shared. In this true account based on years of research and correspondence with crewmembers and their families, Wright adds a dimension rarely explored in other World War II narratives, beginning the chronicle during peacetime and introducing the crewmen as civilians--kids during the 1920s. An Emotional Gauntlet follows the men as they mature through the years of the Great Depression to face a world at war and begin to raise questions about just and unjust wars, imperialism, and patriotism.

begin to cry nyt answer: Delirium Nancy L. Cohen, 2012-02-01 Perhaps if the Pill had never been invented, American politics would be very different today, Nancy L. Cohen writes in her prescient new book, Delirium: The Politics of Sex in America The 2012 election was supposed to be about the economy, but over the last few months it turned into a debate about sex and women's rights. In Delirium, Cohen takes us on a gripping journey through the confounding and mysterious episodes of our recent politics to explain how we and why we got to this place. Along the way she explores such topics as why Bill Clinton was impeached over a private sexual affair; how George W. Bush won the presidency by stealth; why Hillary lost to Obama; why John McCain chose Sarah Palin to be his running mate; and what the 2012 presidential contest tells us about America today. She exposes the surprising role of right-wing women in undermining women's rights, as well as explains how liberal men were complicit in letting it happen. Cohen uncovers the hidden history of an orchestrated, well-financed, ideologically powered shadow movement to turn back the clock on matters of gender equality and sexual freedom and how it has played a leading role in fueling America's political wars. Delirium tells the story of this shadow movement and how we can restore common sense and sanity in our nation's politics.

begin to cry nyt answer: Dictionary of American Religious Biography Henry W. Bowden, 1993-04-13 The first edition of this award-winning reference, published in 1977, contained 425 biographical profiles of the most significant American religious figures. This new edition includes

profiles for 125 additional people, and the earlier biographical sketches have been revised and updated. The volume includes religious leaders who died before July 1, 1992. Among its pages are entries for reformers, philosophers, social activists, doers and dreamers. While many of the people are mainstream, white ordained clergymen, many more stand outside traditional denominations and reflect the cultural and religious diversity of modern America. The result is a systematic overview of 400 years of American religion from the colonial period to the present day. Each profile begins with a capsule summary of the chief events in that person's life. The biographical essay that follows places the basic facts of the figure's life within the larger context of American religious history. A bibliography of the most significant works by and about the figure concludes each entry. Appendices at the end of the work categorize each individual by religious denomination and by place of birth.

begin to cry nyt answer: Love Outside the Lines Jimmy Rollins, 2023-01-03 Discover Jesus' goals of togetherness, oneness, and unity in an increasingly divided world. When you learn to confront the areas in your heart that might not love as Jesus loved, you can help build a flourishing, Christ-like culture. Throughout his ministry, Jesus specifically bridged the gap with the ostracized, outcast, and overlooked. He told his followers to do the same. The gospel message is for everyone—and our mission as believers is to make disciples of Jesus, not duplicates of ourselves. This requires us to live and love beyond our preferences, to build relationships with those who are different from us, and to go beyond the boundaries of unspoken rules and invisible lines. It's time to break the strongholds of division that have been passed down from generation to generation. In *Love Outside the Lines*, Jimmy Rollins will expand the gospel message of Christ beyond the lines of cultural norms, show us how to follow in Jesus' footsteps by moving away from racial stereotypes and moving toward things that unite us, empower a culture of people willing to be part of the conversation on racial reconciliation, help us embrace the kingdom truth that we are better together than we are divided, and exemplify a life of dynamic diversity at church, work, and home. Join Jimmy on a powerful journey to rediscover the discipleship of diversity that leads to unity. Together, we will confront our comfort-zone barriers—both known and unknown—and take a detour to pursue the kind of diverse relationships and honest dialog that build a flourishing Christ culture.

begin to cry nyt answer: The War on Alcohol Lisa McGirr, 2015-11-19 “[This] fine history of Prohibition . . . could have a major impact on how we read American political history.”—James A. Morone, New York Times Book Review Prohibition has long been portrayed as a “noble experiment” that failed, a newsreel story of glamorous gangsters, flappers, and speakeasies. Now at last Lisa McGirr dismantles this cherished myth to reveal a much more significant history. Prohibition was the seedbed for a pivotal expansion of the federal government, the genesis of our contemporary penal state. Her deeply researched, eye-opening account uncovers patterns of enforcement still familiar today: the war on alcohol was waged disproportionately in African American, immigrant, and poor white communities. Alongside Jim Crow and other discriminatory laws, Prohibition brought coercion into everyday life and even into private homes. Its targets coalesced into an electoral base of urban, working-class voters that propelled FDR to the White House. This outstanding history also reveals a new genome for the activist American state, one that shows the DNA of the right as well as the left. It was Herbert Hoover who built the extensive penal apparatus used by the federal government to combat the crime spawned by Prohibition. The subsequent federal wars on crime, on drugs, and on terror all display the inheritances of the war on alcohol. McGirr shows the powerful American state to be a bipartisan creation, a legacy not only of the New Deal and the Great Society but also of Prohibition and its progeny. The War on Alcohol is history at its best—original, authoritative, and illuminating of our past and its continuing presence today.

begin to cry nyt answer: Part of Our Lives Wayne A. Wiegand, 2015-09-10 Despite dire predictions in the late twentieth century that public libraries would not survive the turn of the millennium, their numbers have only increased. Two of three Americans frequent a public library at least once a year, and nearly that many are registered borrowers. Although library authorities have argued that the public library functions primarily as a civic institution necessary for maintaining democracy, generations of library patrons tell a different story. In *Part of Our Lives*, Wayne A. Wiegand delves into the heart of why Americans love their libraries. The book traces the history of the public library, featuring records and testimonies from as early as 1850. Rather than analyzing the words of library founders and managers, Wiegand listens to the voices of everyday patrons who cherished libraries. Drawing on newspaper articles, memoirs, and biographies, *Part of Our Lives* paints a clear and engaging picture of Americans who value libraries not only as civic institutions, but also as public places that promote and maintain community. Whether as a public space, a place for accessing information, or a home for reading material that helps patrons make sense of the world around them, the public library has a rich history of meaning for millions of Americans. From colonial times through the recent technological revolution, libraries have continuously adapted to better serve the needs of their communities. Wiegand demonstrates that, although cultural authorities (including some librarians) have often disparaged reading books considered not serious, the commonplace reading materials users obtained from public libraries have had a transformative effect for many, including people such as Ronald Reagan, Bill Moyers, Edgwin Danticat, Philip Roth, Toni Morrison, Sonia Sotomayor, and Oprah Winfrey. A bold challenge to conventional thinking about the American public library, *Part of Our Lives* is an insightful look into one of America's most beloved cultural institutions.

begin to cry nyt answer: Hegemony Constrained Davis B. Bobrow, 2008-05-25 In the post-cold war era, the United States has risen to a position of unprecedented dominance in the world and has often pursued a primarily unilateral approach to international policy issues. Hegemony

Constrained examines how nations, ethnic and religious groups, and international organizations cope with American hegemony. The chapters reveal the various ways in which foreign actors attempt and sometimes succeed in keeping official Washington from achieving its preferred outcomes. An international group of contributors considers how and why a variety of foreigners act strategically to avoid, delay, or change American policy with respect to a broad range of issues in world affairs. Individual chapters analyze the Kurds and Shia in Iraq; the governments of China, Japan, Turkey, and Germany; the G-7; liberalizing the international economy; coping with global warming; regulating harmful tax competition; controlling missile proliferation; limiting public health damage from tobacco; and international public opinion bearing on the politics of responding to a hegemonic America. By recognizing and illustrating moves that challenge American unilateralism, Hegemony Constrained provides a framework for understanding and anticipating the goals, motives, and means others in the world bring to their dealings with American hegemony in specific situations. Thus, it offers a corrective to naively optimistic unilateralism and naively optimistic multilateralism.
