bible quiz who are they answers: *The Little Black Dress and the Sons of Thunder* John Winters, 2011-08-01 Welcome to our world, one that includes the Little Black Dress, the three Sons of Thunder, a dog who thinks it can fly, a couple of cats and yours truly. The Dress, or LBD for short, is my wife and mother of the Sons. And the Sons are, well, the Sons. Within this book you'll learn some sage advice from talking animals. And speaking of animals, you will discover, as if you didn't know already, that squirrels are evil. I am, by training and profession, a journalist. Over the years, as The Dress and I faced the world and the Sons joined us, I chronicled our adventures. While almost

everyone has a spouse and children, few have such a combination as the LBD and the Sons under one roof. Thus, our story. We have faced death, near death and attended funerals we did not want to. But we've also dug to China, campaigned in the Great Water War, survived a sinking catamaran and pretty much blew up a waverunner. Life is hard, but it can also be fun. And if you have your own LBD and Sons (or Daughters), you realize you never know what will happen next. How you handle what gets thrown at you is the key. So there will be a little advice, a few tears, lots of laughs and some points to ponder. We've learned what we are good at, and also what we fear. We learned that our faith is our core foundation. We've also learned we are better together, and while we don't understand everything or the whys, we know God is still in control. Welcome to our world Show More Show Less

bible quiz who are they answers: Slave Species of the Gods Michael Tellinger, 2012-09-10
Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in The 12th Planet • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession, slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of

mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellingner shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.
