bible verses about women in leadership: *Women in Scripture* Carol Meyers, Toni Craven, Ross S. Kraemer, 2000-03-30 "This splendid reference describes every woman in Jewish and Christian scripture . . . monumental" (Library Journal). In recent decades, many biblical scholars have studied the holy text with a new focus on gender. *Women in Scripture* is a groundbreaking work that provides Jews, Christians, or anyone fascinated by a body of literature that has exerted a singular influence on Western civilization a thorough look at every woman and group of women mentioned in the Bible, whether named or unnamed, well known or heretofore not known at all. They are remarkably varied—from prophets to prostitutes, military heroines to musicians, deacons to dancers, widows to wet nurses, rulers to slaves. There are familiar faces, such as Eve, Judith, and Mary, seen anew with the full benefit of the most up-to-date results of biblical scholarship. But the most innovative aspect of this book is the section devoted to the many females who in the scriptures do not even have names. Combining rigorous research with engaging prose, these articles on women in the Hebrew Bible, the Apocryphal/Deuterocanonical Books, and the New Testament will inform, delight, and challenge readers interested in the Bible, scholars and laypeople alike. Together, these collected histories create a volume that takes the study of women in the Bible to a new level.

bible verses about women in leadership: *Mothering, God, and the Mothering God* V. Jean Thomas, 2025-09-05 Mothers today face unprecedented pressure as contemporary American society feeds into the culture of intensive mothering, leading many to be consumed by their role as mothers. Many grapple with additional expectations stemming from the teachings of today's evangelical church. Rather than serving as a countercultural influence encouraging women to cultivate their primary identity in Christ, women often receive the message that to be a "good" Christian, they need to make mothering their top priority. The effects of this ideology impact not only women who are mothers but also the church and society at large. How does Scripture inform this conversation, including both biblical mothers and references to "God as Mother"? Which biblical and historical mothers have been celebrated, why, and how do they stack up with today's expectations? How can mothers today simultaneously follow God and faithfully fulfill their roles as mothers, and how can the church support this endeavor? This book seeks to reset mothering expectations for the church today by examining examples and expectations of mothers as depicted by Scripture and church history, namely, the expectation to locate primary identity in Christ.

bible verses about women in leadership: *Women in the Bible* Jaime Clark-Soles, 2020-12-01 What was it like to be a woman in the biblical period? It depended, in part, on who you were: a queen, a judge, a primary wife, a secondary wife, a widow, a slave, or some other kind of ordinary woman. In *Women in the Bible*, Jaime Clark-Soles investigates how women are presented in Scripture, taking into account cultural views of both ancient societies as well as our own. While women today are exercising leadership in churches across a number of denominations and our scholarly knowledge related to women in the Bible has grown immensely, challenges remain. Most of Christendom still excludes women from religious leadership, and many Christians invoke the Bible to circumscribe women's leadership in the public square and in the home as well. It is more urgent than ever, therefore, to investigate closely, honestly, and intrepidly what the Bible does and doesn't say about women. In a multipronged approach, Clark-Soles treats well-known biblical women from fresh perspectives, highlights women who have been ignored, and recovers those who have been erased from historical memory by particular moves made in the transmission and translations of the text. She explores symbolic feminized figures like Woman Wisdom and the Whore of Babylon and reclaims the uses of feminine imagery in the Bible that often go unnoticed. Chapters focus on themes of God's relationship to gender, women and violence, women as creators, and women in the ministry of both Jesus and Paul. Clark-Soles aims to equip clergy and other leaders invested in the study of Scripture to consider women in the Bible from multiple angles and, as a result, help people of all genders to live God's vision of better, more just lives as we navigate the challenges of our complex, globally connected world. --- Table of Contents Series Foreword Acknowledgments Introduction 1. bible verses about women in leadership: One From Among Thy Brethren H. Raymond Godfrey, 2022-02-03 In the New Testament, the apostle Paul conveyed Christ's command that Christian men should lead the faith (Let your women keep silence in the churches [1 Corinthians 14:34-35]; Suffer not a woman to teach, nor to usurp authority over the man [1 Timothy 2:11-15]) and the family (Wives, submit yourselves unto your own husbands [Colossians 3:18]). In the Old Testament, Moses conveyed God's command that an Israelite man should lead the nation of Israel (One from among thy brethren shalt thou set king over thee [Deuteronomy 17:15]). It is clear from the Bible that God intends for men to lead the faith, family, and nation; but never has a detailed explanation been given as to why this is the case. This book is an endeavor to provide that detailed explanation. In 1920, American men granted women the right to vote and thereby relinquished their leadership of the nation to women. Since then, men have also relinquished their leadership of the faith and the family to women. As a result of men relinquishing their leadership duties, the faith, family, and nation are becoming increasingly separated from God, resulting in a growing embrace of sexual immorality (homosexuality, transgenderism, pedophilia, pornography), abortion, irrational fear, Marxist ideology, Christian persecution, fatherless families, atheism, revisionist history, book burning, rioting, unmanageable debt, and so on. God has a masculine personality; and He wants the faith, family, and nation to have the same masculine personality. This is why He commands Christian men to lead the faith, family, and nation; and this is why today's feminine leadership has separated us from God. This growing separation between us and God is frightening and painful to experience; and it is destroying the faith, family, and nation. However, it has one benefit--it allows us to see the devastating consequences of feminine leadership. God hates the fact that we are separated from Him, and He wants us to come back to Him. The only way to do this is to return the faith, family, and nation to masculine leadership as intended by God and commanded by the Bible.

bible verses about women in leadership: Women, Religion and Leadership Barbara Denison, 2017-07-28 *Women, Religion and Leadership* focuses on women from the traditional context of women as leaders with chapters observing various aspects of leadership from specifically chosen religious female leaders and going on to examine the legacies they leave behind. This book seeks to identify and analyse the gendered issues underlying the structural lack of recognition for women within the church and to examine the culturally constructed narratives related to these women for evidence of their leadership despite the exclusionary rules applied to force their submission to the dominating forces. Finally this book intends to draw out of these women's stories the various lessons of leadership that invoke current relevancies among prevailing leadership paradigms. Written by experts from disciplines as varied as leadership and communication studies to sociology, and history to medievalist and English scholars; *Women, Religion and Leadership* will prove key reading for scholars, academics and researchers in these and related disciplines.

bible verses about women in leadership: Trauma-Informed Theology Bridget P. Robinson, 2025-09-30 In a world where pain often hides behind polished pews and quiet prayers, Trauma-Informed Theology: An African American Intimate Partner Violence Intervention Tool for the Pentecostal Clergy offers a Spirit-led invitation to heal. Rooted in lived ministry, academic insight, and deep compassion, Bridget Robinson weaves trauma-informed theology into the Pentecostal context to address intimate partner violence, grief, and generational trauma, especially within the African American community. This is a book that speaks directly to our experiences. This book is not just theoretical, it's pastoral and prophetic, a practical guide grounded in theological reflection. Through personal narrative, biblical insight, and a trauma-informed framework, Robinson calls clergy, caregivers, and scholars to move beyond performative strength into sacred vulnerability, the kind that creates space for real healing. Drawing from hermeneutic phenomenology and Spirit-filled scholarship, this work urges the church to confront the theologies that silence survivors and retraumatize the wounded. Clarity and compassion equip readers to listen more deeply, respond more faithfully, and lead more tenderly. Whether used in seminary classrooms, ministry training, or personal study, this timely resource calls us to cultivate courageous compassion rooted in justice, led by love, and sustained by the breath of the Holy Spirit.

bible verses about women in leadership: Religiously Exclusive, Socially Inclusive Bernhard Reitsma, Erika Nes-Visscher, 2025-10-01 Is it possible to be religiously exclusive and socially inclusive? How do we deal with those outside of our own religious community who have completely different and sometimes conflicting views on what should be considered true and right behaviour? What if a religious tradition orders the expulsion or killing of those who leave the faith community and adopt another worldview? This book focuses on biblical texts concerning exclusivity and apostasy, studying different interpretations of such texts. It starts with the Jewish and Christian tradition of the Hebrew Bible, continues with texts from the New Testament, and explores diverse social studies to find ways of understanding the relationship between exclusion and inclusion today. Part of this exploration is the interaction with Jewish and Islamic voices. The collection ends with a systematic and missiological reflection on the issues Christian churches and other religious communities must address today.
