bible multiple choice questions: *Paradigm Shift: Why International Students Are so Strategic to Global Missions* Jack D. Burke PhD M.Div., 2019-03-15 It is of strategic importance for international students and scholars to come under the umbrella of global missions. The author is convinced there is need for a paradigm shift in global missions. With over one million international students from practically every country on the face of the earth, many being Christian, having come to the U.S. for their higher education, we cannot afford to waste this golden opportunity. Reasons will be provided why this is our divine “moment” in history for Christian leadership to rise up and take action. The potential is there for us to create a tremendous impact for Christ on nations which in the past have been difficult to reach. God works in mysterious ways and this has to be one of them. It is imperative that we get with God’s program and focus on: • identifying Christian international students soon after their arrival on campus. • training them Biblically and theologically. • equipping them for their return home. • following them up after their return with support. Documentation is provided, some from missionaries themselves, showing that properly trained Christian international students after returning home are much more effective than traditional foreign missionaries. Reasons why are clearly and with great conviction provided. However, we still need traditional foreign missionaries because of the fields being white unto harvest but the laborers are few. The reader will be fascinated by the illustrations of those Christian international students who returned home to accomplish feats for God on a scale that never before had been thought possible.

bible multiple choice questions: *The Bible According to Christian Nationalists* Brian Kaylor, 2025-10-07 Feel like the Bible is being misused? You're not alone. Many people of faith are heartbroken and angry watching scripture distorted to justify political power grabs, exclusion, and even violence. Christian Nationalism blurs the line between faith and politics, replacing the Gospel’s liberating message with a dangerous ideology that undermines both democracy and discipleship. But the Bible doesn’t belong to extremists. It belongs to God’s people. In *The Bible According to Christian Nationalists*, author and minister Brian Kaylor exposes the seven deceptive ways Christian Nationalists manipulate scripture for their own ends—from cherry-picking verses for gerrymandering to treating the Bible as a political prop. With clarity and courage, Kaylor shows how these tactics betray the very heart of the Gospel.

bible multiple choice questions: *Discipleship in Education* Joseph Allotta, 2018-02-08 Students are often tested to evaluate their academic knowledge, but few Christian schools use objective measures to determine if a student has become a true disciple of Christ. Unfortunately, there are few organizations that provide metrics for measuring biblical knowledge, let alone any sort of comparative evaluation of students engaging in the Christian disciplines, forming a biblical worldview, or actually being impacted spiritually by the programs of the school. No matter whose statistics one chooses to believe, the inescapable truth is that the church is losing its young men and women at an alarming rate once they graduate from high school. The solution to this problem is simple, but increasingly difficult to solve with each passing year. Discipleship is what is needed for young people to truly identify who they are in Christ, so that they can begin to develop godly habits and ultimately grow in their knowledge, faith, and desire to serve the Lord and his Kingdom. Christian schools have some particular advantages in the area of discipleship; however, their full potential is, at the moment, untapped. Discipleship in Education is about preparing everyone from administrators, teachers, pastors, and parents to be ready to unleash that potential.
