bible study questions for kids: The Case for Faith Bible Study Guide Revised Edition Lee Strobel, Garry D. Poole, 2013-12-23 Does believing in Christ mean refusing to ask hard questions in the midst of doubt? Doubt is familiar territory for Lee Strobel, the former atheist and award-winning author of books for skeptics and Christians alike. But he believes that faith and reason go hand in hand, and that Christianity is, in rational terms, a defensible religion. In this six-session video Bible study (DVD/digital video sold separately), Strobel explores the most common emotional obstacles to faith in Christ, including: The natural inclination to wrestle with faith and doubt. The troubling presence of evil and suffering in the world. The exclusivity of the Christian gospel. Behind each of these considerations is the question: Can I doubt and still be a Christian? Through compelling personal stories and expert testimony--combined with discussion and personal reflection cues facilitated by contributor Garry Poole--Christians and spiritual seekers will learn how to overcome these obstacles, deepen their spiritual convictions, and find new confidence that Christianity is a reasonable faith. Sessions include: The Challenge of Faith Dealing with Doubt Evil and Suffering, Part 1 Evil and Suffering, Part 2 Why Is Jesus the Only Way to God? The Power of Faith Designed for use with The Case for Faith Revised Video Study 9780310698814 (sold separately).

bible study questions for kids: The Case for Christ Bible Study Guide Revised Edition Lee Strobel, Garry D. Poole, 2013-12-23 Is there credible evidence that Jesus--the carpenter from the ancient town of Nazareth--really is the Son of God? In this video Bible study (DVD/digital video sold separately), based on the New York Times bestselling book The Case for Christ, participants journey with Lee Strobel on a quest for the truth about Jesus. Skeptics dismiss the Jesus of the Gospels by

claiming there is no evidence that he was God's Son. But does their claim hold weight? And, if not, what evidence is there, especially outside the Bible? Lee Strobel--a former legal journalist and one-time atheist--presents the findings of his own search for truth. This study guide is ideal for: Believers who want to learn more about the hard evidence behind their faith. Christians who find themselves becoming uncertain or doubtful. Anyone investigating, curious, or even skeptical about Christianity. Sift through historical evidence and passages from a range of theologians, thinkers, philosophers, and laypeople on the topic of Jesus as you weigh compelling expert testimony that rejects easy answers. With discussion prompts, Bible passages, and personal reflection cues facilitated by contributor Garry Poole, Strobel invites you and your group to investigate the truth about Jesus Christ as he leads up to the facts that guided him from atheism to faith in Christ. By the end of this six-session study, groups may very well see Jesus in a new way--and even, like Strobel, find their life transformed. Sessions include: The Investigation of a Lifetime Eyewitness Evidence Evidence Outside the Bible Analyzing Jesus Evidence for the Resurrection Reaching Your Verdict Designed for use with The Case for Christ Video Study 9780310698517 (sold separately).

bible study questions for kids: The Case for a Creator Bible Study Guide Revised Edition Lee Strobel, Garry D. Poole, 2013-12-23 My road to atheism was paved by science...ironically, so was my later journey to God. Journalist and award-winning author of The Case for Christ Lee Strobel examines the idea that science isn't the enemy of faith, but that it provides a solid foundation for belief in God. New scientific discoveries point to the incredible complexity of our universe, a complexity best explained by the existence of a Creator. This six-session video study (DVD/digital video sold separately) invites participants to encounter the evidence of a Creator. Join Strobel in reexamining the theories that once led him away from God. Pastors, small group leaders, and individuals seeking resources that answer tough questions about the existence of God and the claims of rationality will find compelling answers in The Case for a Creator study, investigating probing questions like: Where do science and faith overlap or agree? As a form of knowledge, what are the weaknesses of science and rationality? How much can I depend on science while still have a thriving faith? Is faith in God ever based on rationality? Sessions include: Science and God Doubts about Darwinism The Evidence of Cosmology The Fine-tuning of the Universe The Evidence of Biochemistry The DNA and the Origin of Life Designed for use with the Case for a Creator Revised Video Study 9780310699606 (sold separately).
