cubs az spring training: Spring Training Handbook Josh Pahigian, 2013-06-12 Spring training is a time of renewal for baseball, when teams and fans descend on Florida and Arizona to begin the ever hopeful new season. The pace is a little slower, the fans are closer to the action, and the players are more accessible: the sport returns to its idyllic roots. When the first edition of this book was released, 18 of the MLB teams trained in Florida and 12 in Arizona. As 2013 arrives each league consists of 15 teams; together they utilize 14 parks in Florida and 10 in Arizona. This heavily illustrated work dedicates a chapter to each park, including modern Cactus League marvels like Camelback Ranch and Salt River Fields, and Grapefruit League bastions like Joker Marchant Stadium and McKechnie Field. Florida's Fenway Park replica, which opened in 2012, is included. In addition to profiling the five parks that have opened since the first edition, the author has updated the other chapters. Each provides a description of the park, and a recounting of its history, followed

by a summary of the home team or teams' spring history. Next is a review of the park's seating, concessions and fan traditions. Each chapter concludes with information about nearby baseball landmarks and attractions.

Early on, fans watched Joe DiMaggio, Ted Williams, Willie Mays, and the American Leagues first black player, Larry Doby. Beyond the field, baseball became part of the states social fabric, as players and fans alike flocked to watering holes, hotels, parades, and a desert resort famous for its mineral baths. History also saw a political battle to save the Cactus League and fend off Floridas attempts to dominate spring training. Today, the Cactus League is a 15-team powerhouse that holds court in Arizona each spring.

cubs az spring training: *The Mouth That Roared* Dallas Green, Alan Maimon, 2013-05 From profanity-laced clubhouse tirades and outspoken opinions on the state of the game to tears at an emotional funeral for his murdered granddaughter, Dallas Green tells his story for the first time in this autobiography. In his nearly 60 years in baseball as a pitcher; manager of three franchises, including both New York squads, the Mets and Yankees; general manager; and executive, Dallas Green has never minced words or shied away from making enemies. Though many bristled at his gruff style, nobody could argue with the result of his leadership: as manager of the Philadelphia Phillies, he led the team to a World Series championship in 1980 and as general manger of the Chicago Cubs, he pulled off one of the most lopsided trades in the history of the sport by dealing journeyman Ivan DeJesus to the Phillies in exchange for Larry Bowa and future Hall of Famer Ryne Sandberg. This larger-than-life baseball personality shares insights from the mound, the dugout, and the front office as well as anecdotes of some of the game s biggest stars and encounters with the press, player agents, and the unions. Dallas Green also shares his feelings about his granddaughter, Christina-Taylor Green, who was shot and killed by a deranged stalker in Tucson, Arizona, during an assassination attempt on the life of Arizona Congresswoman Gabrielle Giffords. Knowing that the loss of his beloved granddaughter has irrevocably changed him, Green discusses how, in the wake of her death, baseball became a coping mechanism for him.

His adventures along the way include throwing out a first pitch in Connecticut, becoming a TV reporter for the post-season, and undergoing an eye operation. It also looks whimsically at America's pastime, and America, through the eyes of an Englishman, and how we are, in the words of George Bernard Shaw, two nations separated by a common language.
