i and i physical and spiritual: An Analysis of the Relationship Between Physical Exercise and the Spiritual Life of Clergy Gary L. Cowper, 2012-05 What is the impact of physical exercise on the spiritual life of clergy as they try to be good stewards of their body while being faithful to fulfill their pastoral call? The problem is that clergy, in a sedentary occupation, can become physically unhealthy by engaging in meaningful ministry but neglecting to take care of themselves as they care for others. This work is a beacon to the church community that the Apostle Paul, modern day writers, twenty-six clergy and the researcher declare a correlation between physical fitness and the spiritual life of clergy. Physical health can positively affect a person's spiritual health. There is not only a link between physical and spiritual disciplines but there is a benefit to clergy, their families, and their church community when clergy are physically active. It is important for clergy to be good stewards of their bodies while developing a regular rhythm of physical activity. In so doing, they will be equipped, in a greater way, to faithfully fulfill their call.

I have two brothers and three sisters. There is nothing special about my family that GOD would overlook our sins just because we were taught to love instead of hate. Some may think just because we were raised in the country and they were raised in the city, that a different GOD will judge us. HELLO, the same GOD will judge will judge us all. He will not allow the things that I do wrong go unpunished, nor the things you do. So let's all get it right and serve GOD in spirit and in truth. Remember that he is watching the things we do good or bad, and all is being kept on record. On judgment day there will be no excuses or exception. On the day of his return all will bow and confess that JESUS CHRIST is LORD. May GOD Bless and keep us all in my prayer.

i and i physical and spiritual: My Physical and Spiritual Journey into Truth Ainsley H Chalmers, 2020-01-10 This book describes my first nine years of growing up in India followed by my family's immigration to Australia in 1948. It describes my school years in Catholic institutions and the problems faced by immigrants at that time. It details how a God-ordained event in year nine saw me progress from near bottom of the class to near top. How I gained a Commonwealth scholarship with no plans to attend tertiary education. It showed that with God's guidance and against all odds, I eventually obtained a PhD in science and ended up doing research in academic medical hospitals. The journey also describes my falling away from Christianity and my eventual return to God in Christ months later through a Pauline like experience. It tells of my God-directed growth and inspiration in

various areas of medical research. It also describes a parallel growth in my Christian spirituality. The book details how my scientific and biblical knowledge dovetail perfectly.

i and i physical and spiritual: Musings of a Christian Physician on the Physical and Spiritual Healing of Man Joseph DeMay MD FAAP, 2020-05-27 I had always believed in the healing power of our Lord, and viewed my life as one of service to Him via the practice of medicine. But, in retrospect, I had a deeper trust in the power of modern medicine and science than I did in Jesus Christ and His fully accomplished work on the Cross. My thinking was flawed, but, as I grew in my walk with the Lord and meditated on Scripture more fully, I began to see the superiority of faith over the limited interventions modern medical science had to offer, and that this interplay between faith and science was not mutually exclusive, but complimentary, for the spiritual aspects of our lives illuminate and empower the carnal aspects of intellect and physical senses. I began jotting notes to myself related to this interplay of faith and healing and science, and just filed them away...for years. Then, in December of 2017, a baby was born to a first time mother of mine, his little body riddled with the most fulminant form of acute lymphoblastic leukemia, almost always fatal. His absolutely miraculous healing was the impetus to start putting these thoughts into writing, in the form of weekday morning emails entitled "A Christian Doctor's View of Healing, Faith, and Science". It was soon made clear to me that these writings were to take the form of a year long devotional book, comprised of short weekday messages that are intimately linked, such that they can be read through as a book. And that book was to paint a picture, and that picture was to be of a face, and the face was to be that of Jesus, for He is the source of all healing

i and i physical and spiritual: Metaphysical Divine Wisdom on Universal, Physical, Spiritual and Soul Love Kevin Hunter, 2019-07-04 The point of all existence in the end is connected to love, whether that is love for another person, self-love, or universal and spiritual love. One of the main reasons all souls are here is to learn the nature of love. Love is to understand that even the most heinous person in your eyes has love built deep down in the core of their soul. When you are in Heaven you truly understand what Universal love feels like. Love is the most powerful vibration that exists throughout all of time and space. Displaying hatred doesn't take much effort, but to show love requires a complete soul do over in order to get back to that space your soul was born with. Love will always cost you something, whether that's time or energy. Love will cost you pride when you need to let go of something that someone else did and extend the olive branch. Universal, Physical, Spiritual and Soul Love examines one of the most powerful vibrations that exists and that is love. There are divinely guided discussions on what it means to display Universal love and spiritual love. There is a heavy emphasis on the connection nature between souls from the karmic to soul mates and twin flames, before devoting a good chunk on the practical, which is of great interest in the physical world. The mid-section of this acts as a dating and relationship guide to finding a quality mate in a world dominated by the darkness of ego. This is coupled with the challenges and benefits to finding and keeping love in a language that resides within the cold technology sphere. It would be awesome if every single person on the planet was keenly aware of their innate psychic abilities built into their soul's DNA, because then Earth would be as close to Heaven as feasibly possible. There would be never-ending joy, peace, and love for every soul. Everyone would be operating from a higher vibration while moving mountains in the process. We see this kind of amazing uplifting joy in others when they're in a high vibrational state. Universal, Physical, Spiritual and Soul Love has the goal and intention of filling the reader with as much as love as possible with the hope that it can motivate one soul back into their soul's natural state of love. Some of the topics discussed in Universal, Physical, Spiritual and Soul Love include: It's All About Love, Creating the Life You Love, Self-Love and Self-Care, Karmic Soul Connections, Soul Mate Soul Connections, Twin Flame Soul Connections, The Benefits and Challenges of Technology Dating, Single and Longing for a Relationship, Love and Relationships, Love is a Battlefield, Seeking Love Through External Validation, Divine Soul Love, Love Yourself Back to Life, Bring Out the Good

i and i physical and spiritual: Physical Spirituality Michael Abramowitz, 2018-08-08 Could divinity be a this-worldly rather than an other-worldly phenomenon? Could we find all the splendour of our spiritual imaginations right here in our physical reality? Science has given humanity a new perspective of the cosmos but we have yet to make the leap of imagination that would let that perspective come alive with spiritual potentials. This book explores for spiritual possibilities that do not resort to outlandish dimensions or unrealistic pantheons, with surprising results. It answers some long-standing questions - such as why spirituality is so thoroughly hidden - and provides a valuable foundation for modern spiritual seekers questing through psychedelics. Though grounded in physics, the book is accessible to all. It offers an understanding of spirituality commensurate with today's notions of consciousness and technology.

i and i physical and spiritual: Understanding Spiritual and Physical Health Troy A. Roberson, 2017-08-23 A healthy Christian needs to cultivate both spiritual and physical well-being. Yet often we can be so spiritual that we neglect our physical, natural selves. On the other hand, we can also be so caught up in our physical health that we may neglect working out our spiritual selves as well. So how do we find a balance? And what if God even provided us with a guide to make ourselves our very best both inside and outside? In *Understanding Spiritual and Physical Health: A Biblical Perspective*, author Troy A. Roberson shares his passion for fitness and health and his years of studying the Word of God to help believers learn how to be healthy both in body and in spirit. Roberson explains how the Bible is God's guidebook for living, and in it God shows his children how their bodies and spirits are connected; this connection means that the richer we are in spirit, the more healing, health, and well-being we will have in our natural lives as well. The apostle John tells us, Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth (3 John 2). By putting into practice the advice and suggestions for how to live a good life of health and wellness through nutrition and a godly lifestyle from a biblical perspective, you too can enjoy the blessings of Christ's restoration.

i and i physical and spiritual: Marriage, It'S Not Physical ...It'S ... S P I R I T U a L!!! ... (Holy) Evangelist Alicia F. Rooks, 2015-02-05 I was inspired to write the book titled: *Marriage, Its Not Physical Its Spiritual (Holy)* about 12 years ago. After experiencing two unsuccessful marriages, and still having the desire to marry again one day when the Lord allow me to connect with the right person, for real this time then I will be relieved. I pray that this time I will take my own advice, do my homework, and realize that it is not a physical thing, it is Spiritual! I am no marriage counselor, and definitely do not claim to have all of the answers however, experience is I would say a great teacher. You see, some people, they never learn. I pray that this time I could reminisce on what I have gone through realizing that it was not just for me, but on purpose and for others. You see when God has a plan and has a willing vessel that will answer the call then He will allow His will/work to be done through whomever is willing. The key word is willing because a lot of people are not willing. Instead of complaining, I have learned to say, ok, Lord, what lesson do You want me to learn from this? Who would you like me to minister to through my experience of going about marriage that You have designed the wrong way? As others read this book, I know that it would be a life-changing awakening. I believe that hearts/marriages/relationships would be mended, and healed. I know that this is not just another book to pick up and read at your own leisure, but if I must say so myself, it is a book that once you pick it up, you will not want to put it down until it has ministered to you completely!

i and i physical and spiritual: The Spiritual Hierarchies and the Physical World Rudolf Steiner, 2008-08 10 lectures in Düsseldorf, April 12-18, 1909; participants' notes from Q&A sessions (CW 110) Ever since nature and consciousness were separated during the late Middle Ages --giving rise to scientific thinking that considers only the physical world and views the mind as merely an epiphenomenon of neural chemistry --the spiritual beings who are the universe have felt abandoned and unable to complete their work, which depends on human collaboration for its success. Human

beings have likewise felt abandoned and alienated. In these remarkable lectures, Rudolf Steiner reestablishes the human being as a participant in an evolving, dynamic universe of living spiritual beings: a living universe, whole and divine. He does so in concrete images, capable of being grasped by human consciousness as if from within. How is this possible? Implicit in Rudolf Steiner's view is the fact that, essentially, the universe consists of consciousness. Everything else is illusion. Hence, to understand the evolution of the cosmos and humanity in any terms other than consciousness is also an illusion. Whenever we are dealing with grand cosmic facts, we are dealing with states of consciousness. But states of consciousness never exist apart from the beings who embody them. Therefore, the only true realities are beings in various states of consciousness. In this sense, Steiner's spiritual science is a science of states of consciousness and the beings who embody them. Indeed, any science --physics, chemistry, botany, psychology --is a science of beings. And the sensory perception, or physical trace, is simply the outer vestment of the activity of beings in various states of consciousness. To describe these beings, Steiner uses the names made familiar by the wisdom traditions of the West. He speaks of the evolutionary states of Saturn, Sun, Moon, and so on; the nine choirs of angels; elemental beings and nature spirits; and the elements of fire, earth, air, and water. *The Spiritual Hierarchies and the Physical World: Zodiac, Planets & Cosmos* is a translation from German of *Geistige Hierarchy und ihre Widerspiegelung in der physischen Welt. Tierkreis, Planeten, Kosmos* (GA 110). *The Spiritual Hierarchies and the Physical World: Reality and Illusion* (1996) contained a previous edition of this lecture course.

This information novel shows readers a path to fully awaken their spiritual senses & see many things in life from a deep outlined spiritual exhibition, (shown in diagrams & examples within the content), this was done specifically by the author so all can use the information provided to create more entertainable, supernatural to physical world clashing stories. While it is a book about a seemingly complex topic, it is written in extensive puzzled out analogy diction, to bring out the symbolization of the vast supernatural much more understandable. In this book, readers will understand out-of-body experiences which take place in their sleep, a strong perception of human nature in its re-arranged form, and a lot more. (This book is the physical link for all to connect a grasping sense to the vast supernatural). - A Sneak peek of the 1st Physi-Tual genre (novel) is included in this information novel, "The spiritual capture THE WORLDS COMBINE," This preview goes on until page 51 located at the end of this information novel part. Authors quote to the 1st Physi-Tual genre novel: Once we gain insights, only then can we gain sight in things.

i and i physical and spiritual: *Activating Your Healing Energies -- Physical, Mental, Spiritual* Ed Leary, 2011-07-25 *Our Energy Spectrum* Whenever I have a problem to solve, I know that both the problem and the solution are constructed from energy. If I really thought about it, I would probably conclude that all of my problems while on this planet earth were created by human energies. This is especially true of our health. Whenever I look for a solution, I invariably begin with physical symptoms and arrive mostly at a physical solution. I know that we all have energies that are not physical. We have energies of a higher vibration with varying polarities that manifest as thought, emotion, subconscious impressions, and even spiritual impressions. All of these energies are required to promote true holistic healing. The healing energies that I'm referring to don't merely suppress symptoms either, as the general populations seem to prefer. Healing energies must treat the whole person both physical and subtle so that healing can be more permanent and more satisfying. In order to accomplish this, however, a change of viewpoint, a change of attitude, or even a change in beliefs is often required. In addition, no healing is possible without an understanding of the laws that govern the physical as well as the more subtle realms of mind and Spirit. Violation of

these laws is the main reason that we get sick, suffer, and die. Therefore, those ancient barriers that our institutions have constructed between science, psychology and religion must come down. Then and only then will we understand what laws we violated that made us sick, and what we must do to get well. Ed Leary

i and i physical and spiritual: *The Physical Body, the Spiritual Body* Ainsley Chalmers, 2016-11-21 Many people, including scientists believe the disciplines of science and theology are separate, unrelated, and sometimes antagonistic. Science is perceived by most to be centered on the measurable, physical dimension while theology revolves around the invisible or spiritual. In *The Physical Body, The Spiritual Body* author Dr. Ainsley Chalmers provides evidence that the two disciplines can be intertwined. He describes a correlation between certain physical aspects of biological/medical research and how they pertain to Christian spirituality. He addresses aspects of gene structure and function, blood production and functions, gasses of life and their effects, various features of nutrition and malnutrition, properties of salt and finally how different systems within the human body cooperate and interact with each other. And then Ainsley discusses Christian salvation, young earth creationism versus naturalism, Christian growth and development through the word of God, erroneous science and theology, interactions within society and the Christian community. Finally, using his personal experiences as a scientist and committed Christian, Ainsley summarizes myths, truths and untruths present in both realms of science and theology.
