meditation abraham hicks youtube: The Chiron Effect Lisa Tahir, 2020-10-20 A guide to using astrology to identify your core wounds and heal them using psychological techniques, affirmations, and self-compassion • Explains how the placement of Chiron in your birth chart identifies the core wounds and unconscious patterns that block empathy and self-forgiveness • Offers a descriptive chapter for each of the 12 zodiac sign placements for Chiron, revealing how Chiron affects you psychologically, emotionally, sexually, spiritually, socially, financially, and intellectually • Provides specific steps for each sign to shift self-destructive patterns as well as powerful affirmations infused with Reiki healing energy We all have experienced disappointment, sadness, rejection, or the loss of something meaningful in our lives. When you are wounded, innate animalistic instincts for self-protection kick in as a means for survival. These behavior patterns are a natural and necessary coping strategy, at first. But many dwell far too long in these patterns and separate themselves from their source of inner wisdom and intuition. Using astrology as a diagnostic tool, Lisa Tahir reveals how to use the astrological placement of the minor planet Chiron in your birth chart to identify the core wounds and unconscious patterns that block your capacity to have self-empathy and to forgive. Coining the phrase “Chiron Effect” to describe the magnetic pull that individuals have around specific areas of vulnerability, she explains how, like a raw nerve, the placement of Chiron describes what parts of our lives we might edit or hide for fear of being rejected as well as the areas of sensitivity where we are triggered. Offering a chart and online links to allow you to determine Chiron’s placement in your chart, the author explains how Chiron affects you psychologically, emotionally, sexually, spiritually, socially, financially, and intellectually depending on the sign and house it falls within. She outlines how to begin healing your core wounds through empathy and self-forgiveness, providing several steps for each sign placement to shift self-destructive patterns and learn to protect yourself as well as powerful affirmations infused with Reiki healing energy to help you anchor a new belief system. As Lisa Tahir reveals, once identified, your personal Chiron placement can become the source of your greatest healing and empowerment. By recognizing your core wounding and learning to offer yourself empathy and forgiveness, you can finally break free from suffering, end self-sabotage, and allow your life to unfold in a new way.

meditation abraham hicks youtube: *RAISING RACE CONSCIOUSNESS* Audrye S. Arbe, 2019-04-30 What propelled me to write this book? In addition to being nudged by Spirit and my own Inner Guidance, I took a look around. What is this fixation on race, sex, gender, religion, class that preoccupies so many of our species? Where is our plentiful joy and wonder at the magnificence of Creation? More importantly, what can we do about any lack of wonder? Who are we, anyway, and why are we here? Personally, I am fascinated by the diversity and combinations in which we humans flourish — with our multitude of talents, looks and abilities. I love our creativity, our amazingly diverse yet similar energies and vibrations. To me, this variety is something to be honored and treasured, a reflection of the artistry and abundance of Creation. Despite the beauty that exists within diversity – racial, sexual, gender, and so on -- some of us appear to feel, believe and act as if our variety is an issue, going so far as to behave inimically toward others who outwardly look or seem different." From where do these attitudes stem and where do these perceptions lead? Is separation along color/sex/gender/religious lines what any-one truly desires in the core of his/her being? It is indicative of a culture with distorted ideas about race that people can even figure out what looking alike and looking different mean. How are these differences of coloration interpreted? In a culture that loved our multiplicity of being, we would have a different conception of alike and different, as well as different feelings and vibrations within ourselves. We are in a new millennium. We have the time-space-place-resonance to be the enlightened beings that we are. The choice is open to each and every one of us.

meditation abraham hicks youtube: Inner Symphony Annemarie O'Connell, 2018-06-21 After exploring many different modalities, Annemarie learned a great deal of essential information and used it to create a regimen to treat her disease. She decided to use the information she learned to create a workbook that allowed her to map out her day using the principles she learned. This workbook became a key tool in facilitating her healing. The book made it easy to follow the principles and exercises throughout the day. It was so effective that she decided to use it as a tool when people came into the Hold Our Hand facilities. And now Annemarie is making this workbook available to everyone outside the centers as well.

meditation abraham hicks youtube: Getting Into the Vortex Esther and Jerry Hicks, 2020-07-21 Living a better-feeling life really comes down to one thing only- coming into alignment with the Energy of our Source. Abraham reminds us that we are truly Source Energy focused into our physical bodies, and that a conscious Connection to that Broader Non-Physical part of us is necessary if we are to be the joyful Beings that we were born to be. Abraham calls that wonderful alignment Getting into the Vortex. Through a series of Leading Edge books (New York Times bestsellers), Abraham has emphasized the importance of our conscious alignment with the Source within us. They have let us know that our natural state of Being is inside our Vortex of Creation in complete alignment with Source Energy-and that every aspect of our physical experience reflects our alignment with, or resistance to, that Connection. Everything-from the physical well-being of our bodies, the clarity of our minds, and the abundance we allow to flow, to the satisfaction in every relationship we experience-is impacted by our all-important relationship with our Vortex. Abraham has helped us to understand that our dominant intent in every day is to get into the Vortex! And now, they have lovingly and specifically guided Jerry and Esther Hicks in the creation of an innovative and valuable tool that promises to get us into the Vortex right now...and that tool is enclosed in the Getting into the Vortex User Guide in the form of a 70-minute audio download. This unique recording contains four powerfully guided daily meditations that have been designed to get you into the Vortex of Creation in four basic areas of your life- General Well-Being, Financial Well-Being, Physical Well-Being, and Relationships. Jerry and Esther are thrilled to offer this powerful, first-of-its kind, musically scored, breath-enhancing, user-friendly tool from Abraham that will get you into the Vortex. Link to audio download included with purchase of book.
