

political cartoons on civil war

political cartoons on civil war have played a significant role in shaping public opinion and providing commentary on the complex and often painful realities of internal conflicts. These visual narratives use satire, symbolism, and caricature to distill multifaceted political and social issues into accessible and impactful images. Throughout history, political cartoons have not only reflected the prevailing attitudes toward civil wars but also influenced perceptions and debates surrounding them. From the American Civil War to various other conflicts worldwide, these cartoons serve as important historical documents that reveal the cultural and political climate of their times. This article explores the role, themes, and impact of political cartoons on civil war, highlighting their significance as both artistic expressions and tools of political communication. The following sections will examine the historical context, key themes, notable examples, and the continuing relevance of these cartoons in modern discourse.

- Historical Context of Political Cartoons on Civil War
- Common Themes in Civil War Political Cartoons
- Notable Political Cartoons and Cartoonists
- Impact and Influence of Political Cartoons During Civil Wars
- Modern Usage and Legacy of Civil War Cartoons

Historical Context of Political Cartoons on Civil War

Political cartoons on civil war have a rich historical backdrop, often emerging during periods of intense national turmoil and division. The American Civil War (1861–1865) remains one of the most extensively documented conflicts through political cartoons. Newspapers and magazines of the era utilized cartoons to comment on war strategies, political leaders, social issues, and the human cost of the conflict. These illustrations captured the polarized sentiments of the Union and the Confederacy, reflecting both sides' ideologies and struggles.

Beyond the American context, civil wars in other nations, such as the Spanish Civil War and various revolutionary conflicts, have also inspired powerful political cartoons. These works often portrayed the chaos, ideological battles, and international implications of internal warfare. The accessibility of cartoons allowed artists to reach a broad audience, transcending literacy barriers and providing immediate visual impact.

Evolution of Cartooning Techniques

Over time, the techniques and styles of political cartoons on civil war evolved significantly. Early cartoons relied heavily on simple line drawings and exaggerated facial features to convey messages quickly. As printing technology advanced, so did the complexity and detail of these images, incorporating symbolism, allegory, and multi-layered narratives. This evolution enhanced the cartoons' ability to engage viewers and provoke thought about the civil war contexts they depicted.

Role of Media in Dissemination

The rise of newspapers and illustrated magazines in the 19th and early 20th centuries played a crucial role in popularizing political cartoons on civil war. Publications such as Harper's Weekly and Puck in the United States provided platforms for cartoonists to influence public opinion. The mass circulation of these media enabled cartoons to become a form of political communication that could sway attitudes and encourage dialogue during times of internal conflict.

Common Themes in Civil War Political Cartoons

Political cartoons on civil war often revolve around recurring themes that highlight the complexities and consequences of internal strife. These themes provide insight into the social, political, and economic dimensions of civil wars and the perspectives of those affected.

Division and Conflict

One of the most prevalent themes is the emphasis on division, portraying the fracturing of a nation or society. Cartoonists depict opposing factions, such as the North and South during the American Civil War, often personified as rival characters or symbols. This visual representation of conflict underscores the deep ideological, cultural, and political rifts fueling the war.

Leadership and Political Critique

Political leaders are frequent subjects in civil war cartoons, often caricatured to emphasize their perceived strengths, weaknesses, or failures. These cartoons critique decisions, policies, and personalities, holding leaders accountable for the war's progress and consequences. Satirical portrayals serve to question authority

and highlight controversies surrounding governance during civil conflicts.

Human Suffering and War Consequences

Beyond political and military aspects, many cartoons address the human cost of civil war. Themes of suffering, displacement, and loss appear prominently, conveying the tragedy and devastation wrought by internal conflicts. By illustrating the impact on civilians, families, and soldiers, these cartoons evoke empathy and raise awareness of the war's broader implications.

Symbolism and Allegory

Symbolism is a powerful tool in political cartoons, with common motifs including broken chains, divided maps, and national emblems. Allegorical figures such as Uncle Sam, Liberty, or the Grim Reaper often appear to convey deeper meanings about freedom, oppression, or death. These symbols allow cartoonists to communicate complex ideas succinctly and effectively.

Notable Political Cartoons and Cartoonists

Throughout history, several political cartoons on civil war have become iconic, and certain cartoonists have earned recognition for their impactful work. These contributions have shaped the public understanding of civil wars and left lasting cultural legacies.

Thomas Nast and the American Civil War

Thomas Nast is one of the most renowned political cartoonists associated with the American Civil War era. His work for Harper's Weekly combined sharp political commentary with compelling imagery. Nast's cartoons addressed issues such as slavery, the Emancipation Proclamation, and corruption, influencing public opinion and political discourse.

Other Influential Cartoonists

In addition to Nast, other artists made significant contributions to civil war cartooning worldwide. For example:

- John Tenniel, known for his work in British publications, often commented on the American Civil War with incisive satire.
- Arturo Moreno, who documented the Spanish Civil War, used bold symbolism to depict ideological struggles and foreign interventions.
- Modern cartoonists continue this tradition by addressing contemporary civil conflicts through various media.

Iconic Cartoons and Their Messages

Several cartoons have stood out for their memorable imagery and powerful messages. For instance, Nast's depiction of the "Brother against Brother" theme visually captured the fratricidal nature of the American Civil War, while allegorical cartoons highlighting the abolition of slavery helped garner support for emancipation efforts.

Impact and Influence of Political Cartoons During Civil Wars

Political cartoons on civil war have had a profound impact on both contemporary audiences and historical understanding. Their ability to distill complex issues into accessible visuals enables them to influence public sentiment and political debate effectively.

Shaping Public Opinion

Cartoons often served as persuasive tools, shaping opinions about war aims, leadership, and social issues. They could rally support for a cause or criticize policies, thereby affecting morale and political momentum. The immediacy and emotional appeal of cartoons made them particularly effective during times of uncertainty and division.

Encouraging Political Engagement

By simplifying and dramatizing civil war issues, political cartoons encouraged citizens to engage with political discourse. They provided entry points for discussion and reflection, fostering a more informed and

active public. This engagement was crucial in democratic societies where public opinion influenced policy decisions.

Documenting Historical Perspectives

As historical artifacts, cartoons offer valuable insights into the attitudes and concerns of the periods in which they were created. They reveal contemporary biases, fears, and hopes, aiding historians and scholars in understanding the social dynamics of civil wars. The preservation of these cartoons enriches the collective memory of conflict and reconciliation.

Modern Usage and Legacy of Civil War Cartoons

Political cartoons on civil war continue to be relevant in today's media landscape, adapting to new technologies and political climates. Contemporary artists draw on historical traditions while addressing current conflicts and social issues.

Digital Platforms and New Audiences

The rise of digital media has expanded the reach of political cartoons on civil war. Online platforms allow for rapid dissemination and viral sharing, reaching global audiences. This democratization of cartooning has increased the diversity of voices and perspectives represented in civil war commentary.

Continuing Themes and Innovations

Modern political cartoons maintain many traditional themes such as division, leadership critique, and human suffering but often incorporate new visual styles and multimedia elements. These innovations enhance storytelling and engagement while preserving the critical function of cartoons as social and political commentary.

Educational and Cultural Significance

Political cartoons on civil war are increasingly used in educational settings to teach history, civics, and media literacy. Their ability to convey complex ideas visually helps students grasp the nuances of civil

conflicts. Additionally, museums and cultural institutions recognize these cartoons as important components of historical exhibits and archives.

Frequently Asked Questions

What role did political cartoons play during the Civil War?

Political cartoons during the Civil War were used to influence public opinion, criticize political figures, and highlight key issues such as slavery, states' rights, and the war itself in a visually impactful way.

Who were some prominent political cartoonists during the Civil War era?

Prominent political cartoonists of the Civil War era included Thomas Nast, known for his fierce support of the Union and abolition, and John Tenniel, famous in Britain for his commentary on the conflict.

How did Thomas Nast's cartoons contribute to the Union cause?

Thomas Nast's cartoons helped bolster Northern morale, exposed corruption (like in the Democratic Party), and supported abolition by portraying slavery and Confederates negatively while promoting Union ideals.

What themes were commonly depicted in Civil War political cartoons?

Common themes included slavery and emancipation, the division between North and South, political leadership, battlefield successes and failures, and international perspectives on the conflict.

How did political cartoons address the issue of slavery during the Civil War?

Political cartoons often depicted slavery as a moral evil and a cause of the war, using imagery to criticize the Confederacy's defense of the institution and to advocate for abolition and emancipation.

Did political cartoons have an impact on international views of the American Civil War?

Yes, political cartoons published in European newspapers helped shape international perceptions by highlighting the moral and political issues of the war, influencing public opinion abroad.

How were Confederate political cartoons different from Union cartoons?

Confederate cartoons often emphasized states' rights, portrayed the Union as oppressive or tyrannical, and defended slavery, while Union cartoons focused on preserving the nation and ending slavery.

Can political cartoons from the Civil War era still be relevant today?

Yes, these cartoons provide historical insight into public sentiment, political debates, and social issues of the time, helping modern audiences understand the complexities of the Civil War era.

What techniques did Civil War cartoonists use to convey their messages?

They employed symbolism, caricature, satire, and exaggeration to create memorable images that simplified complex political issues and evoked emotional responses from viewers.

Where can one find collections of Civil War political cartoons for study?

Collections can be found in libraries, museums, and online archives such as the Library of Congress, which houses extensive Civil War cartoon collections accessible to the public.

Additional Resources

1. *Lines of Conflict: Political Cartoons of the Civil War Era*

This book explores the powerful role of political cartoons during the American Civil War, showcasing how artists used satire and symbolism to comment on the conflict. It includes a rich collection of illustrations that reflect the social and political tensions of the time. The book also provides historical context to better understand the cartoons' impact on public opinion.

2. *Drawing the Divide: Cartoons and Commentary from the Civil War*

A comprehensive anthology of political cartoons from both the Union and Confederate perspectives, this volume highlights how visual commentary influenced wartime sentiment. It examines the different styles and messages used by cartoonists to address issues like slavery, leadership, and nationalism. Readers gain insight into how art shaped political discourse during one of America's most turbulent periods.

3. *Caricatures of Conflict: Satire and Politics in Civil War Cartoons*

This book delves into the satirical nature of Civil War cartoons, focusing on how humor and exaggeration were employed to critique political figures and military strategies. Through detailed analysis, it reveals the cartoons' role in both entertainment and propaganda. The collection offers a vivid pictorial history of the war's cultural landscape.

4. *Ink and Ideology: Political Cartooning in the Civil War*

Examining the intersection of art and ideology, this book presents a curated selection of Civil War political

cartoons that express the era's conflicting beliefs and values. It discusses how cartoonists grappled with themes such as abolition, secession, and democracy. The text also considers the lasting legacy of these images on American political art.

5. *The Pen and the Sword: Civil War Cartoons as Political Weapons*

This volume focuses on the strategic use of cartoons as tools of persuasion and morale during the Civil War. It highlights key artists whose work influenced public opinion and political outcomes. The narrative underscores the power of visual media in shaping historical events.

6. *Visualizing the Civil War: Political Cartoons and Public Opinion*

By analyzing a wide array of political cartoons, this book demonstrates how images reflected and molded public attitudes throughout the Civil War. It explores the role of newspapers and magazines in disseminating these cartoons to a broad audience. The book also discusses the interplay between political messaging and artistic expression.

7. *Sketches of a Nation Divided: Political Cartooning in the Civil War*

This book offers an in-depth look at the artists behind the Civil War cartoons and their creative processes. It reveals how these illustrators captured the complexities of a nation at war through their drawings. The text also highlights the evolution of cartooning techniques during this critical period.

8. *Cartoons and Conflict: The Civil War Through the Illustrator's Eye*

Focusing on the perspective of the cartoonists themselves, this work provides biographical sketches and contextual analysis of their contributions. It examines how personal beliefs and political affiliations shaped the content and tone of their cartoons. The collection serves as both a historical record and an artistic tribute.

9. *Satire and Struggle: Political Cartoons in the American Civil War*

This book investigates the use of satire as a means of coping with and commenting on the hardships of the Civil War. It presents cartoons that address everything from battlefield events to government policies with wit and irony. The narrative underscores the significance of humor as a form of resistance and reflection during times of crisis.

political cartoons on civil war: Lines of Contention J. G. Lewin, P.J. Huff, 2007-11-13 The political turmoil of the Civil War Era has been analyzed many times, but one area of this period's history is often overlooked: a large body of humorous, clever, and scathing editorial cartoons from

publications such as Harper's Weekly, Vanity Fair, Punch, and Leslie's Illustrated. In *Lines of Contention*, the best of these cartoons has finally been collected into one place to illuminate the social, political, and cultural climate of Civil War—Era America. The cartoons have been pulled from both sides of the fence and provide insight into the incidents and opinions surrounding the war as well as the mind-sets and actions of all the major figures. *Lines of Contention* presents a unique history of the Civil War and its participants.

political cartoons on civil war: *The Lines are Drawn* Kristen M. Smith, 1999 Collects a wide range of cartoons, comics, and caricatures related to the Civil War. Consists of Northern, Southern, and overseas social commentary critical to an enhanced understanding of this dark episode in American history.

political cartoons on civil war: *Civil War Humor* Cameron C. Nickels, 2011-02-03 In *Civil War Humor*, author Cameron C. Nickels examines the various forms of comedic popular artifacts produced in America from 1861 to 1865, and looks at how wartime humor was created, disseminated, and received by both sides of the conflict. Song lyrics, newspaper columns, sheet music covers, illustrations, political cartoons, fiction, light verse, paper dolls, printed envelopes, and penny dreadfuls—from and for the Union and the Confederacy—are analyzed at length. Nickels argues that the war coincided with the rise of inexpensive mass printing in the United States and thus subsequently with the rise of the country's widely distributed popular culture. As such, the war was as much a “paper war”—involving the use of publications to disseminate propaganda and ideas about the Union and the Confederacy's positions—as one taking place on battlefields. Humor was a key element on both sides in deflating pretensions and establishing political stances (and ways of critiquing them). *Civil War Humor* explores how the combatants portrayed Jefferson Davis and Abraham Lincoln, life on the home front, battles, and African Americans. *Civil War Humor* reproduces over sixty illustrations and texts created during the war and provides close readings of these materials. At the same time, it places this corpus of comedy in the context of wartime history, economies, and tactics. This comprehensive overview examines humor's role in shaping and reflecting the cultural imagination of the nation during its most tumultuous period.

political cartoons on civil war: *Political Cartoons of the American Civil War* Robert G. Schultz, 2010-09-01

political cartoons on civil war: *The Gray and the Blue* Charles H. Hayes (artist.), 2011 This book tells the story of the Civil War in comic-strip form. The format is understandable and easily read, and the content is backed up by competent research. Chapters cover causes of the war, Fort Sumter, Manassas, iron ships, Reconstruction, and more.

political cartoons on civil war: *Civil War Limericks* Charles H. Hayes, 2014 Rhyme your way through the history of the Civil War. Generals, politicians, spies, and more played a significant role in the Civil War. Author and cartoonist Charles H. Hayes bares their strategic gaffs, political feuds, and daring deeds in scathing caricatures. Accompanying each of the ninety-six images is an original limerick and a brief biography with details of the individual's role in the Civil War.

political cartoons on civil war: *American Political Cartoons, Chiefly from 1840 to the Civil War*, 1836 Eighteen mounted cartoons, 12 of which have a New York copyright and 5 have dates from 1838 to 1850.

political cartoons on civil war: *The Trump Presidency in Editorial Cartoons* Natalia Mielczarek, 2023-09-18 *The Trump Presidency in Editorial Cartoons* engages with close to one thousand editorial cartoons to analyze the visual representations of President Donald Trump and his responses to six news events during his term in office. Natalia Mielczarek traces the mechanisms through which the drawings construct the president's image and their potential rhetorical consequences for interpretation. Through this analysis, Mielczarek argues that the right-leaning cartoons largely erase the president's likeness from their plotlines, acting as a shield against accountability for Trump. Left-leaning cartoons, on the other hand, tend to clone the president and exaggerate his image in most of their stories, often functioning as tools of symbolic censure and punishment. Through these de- and re-contextualization tactics that make President Trump either

largely absent or hyper-present in the narrative, the cartoons construct inadvertent rhetorical paradoxes and coalesce around ideological heroes and villains. This result, Mielczarek posits, more closely resembles partisan propaganda, rather than political commentary and social critique. Scholars of communication, political science, and media studies will find this book of particular interest.

political cartoons on civil war: *Political cartoons and the Israeli-Palestinian conflict* Ilan Danjoux, 2018-07-30 Do political cartoon predict violence? To answer this question Ilan Danjoux examined over 1200 Israeli and Palestinian editorial cartoons to explore whether changes in their content anticipated the outbreak of the Al-Aqsa Intifada in October of 2000. Despite stark differences in political, economic and social pressures, a notable shift in focus, style and tone accompanied the violence. With numerous illustrations and detailed methodology, *Political Cartoons and the Israeli Palestinian Conflict* provides readers an engaging introduction to cartoon analysis and a novel insight into the Israeli-Palestinian conflict. In a region fraught with contested realities, the cartoon's ability to capture the latent fears and unspoken beliefs of these antagonists offers a refreshing perspective on how both Israelis and Palestinians perceived each other and their chances for peace on the eve of the Second Intifada.

political cartoons on civil war: Rebuilding the Nation Catherine McGrew Jaime, 2016-05-19 During the first twelve years after the Civil War the United States was involved in its Reconstruction efforts. Out of that era came three amendments to the U.S. Constitution, a Freedmen's Bureau that came and went, and a variety of Civil Rights bills. This project started as a look at many of the important documents from the Reconstruction Era (a 200+ page book, *Rebuilding the Nation: Reconstruction Era Documents and Cartoons* which should be available soon. In the meantime, this portion of it soon took on a life of its own - focusing on dozens of illustrations, primarily political cartoons, many of them from Thomas Nast's work during this era. Thomas Nast, Father of the American Cartoon, was especially well known for his political cartoons during this era and beyond. A note of warning about Nast's cartoons - they can be a bit in your face. It is important to keep in mind the time period that he drew these in, and the messages he was trying to convey. Some of his cartoons appear more like racial caricatures, but as a general rule, he was extremely pro-minorities, and used his incredible drawing ability to focus on difficult issues of his day. His political cartoons, like the other drawings that I have chosen to include here, are generally full of complex messages. Please do not dismiss these works too quickly. The cartoons and other illustrations are arranged chronologically. By themselves they make an interesting pictorial look at the Reconstruction Era, or they could be combined with any number of the related documents from that time period.

political cartoons on civil war: Teaching the Literatures of the American Civil War Colleen Glenney Boggs, 2016-08-01 Offers pedagogical techniques for teaching the literatures of the American Civil War in the college classroom, including considerations of history, slavery, literary realism, race, gender, landscapes, violence, trauma, life writing, and performance. Includes information on editions, reference works, biographies, and online resources. Gives syllabus suggestions for undergraduate and graduate courses.

political cartoons on civil war: *American Political Cartoons* Sandy Northrop, 2017-07-05 From Benjamin Franklin's drawing of the first American political cartoon in 1754 to contemporary cartoonists' blistering attacks on George W. Bush and initial love-affair with Barack Obama, editorial cartoons have been a part of American journalism and politics. *American Political Cartoons* chronicles the nation's highs and lows in an extensive collection of cartoons that span the entire history of American political cartooning. Good cartoons hit you primitively and emotionally, said cartoonist Doug Marlette. A cartoon is a frontal attack, a slam dunk, a cluster bomb. Most cartoonists pride themselves on attacking honestly, if ruthlessly. *American Political Cartoons* recounts many direct hits, recalling the discomfort of the cartoons' targets and the delight of their readers. Through skillful combination of pictures and words, cartoonists galvanize public opinion for or against their subjects. In the process they have revealed truths about us and our democratic system that have been both embarrassing and ennobling. Stephen Hess and Sandy Northrop note

that not all cartoonists have worn white hats. Many have perpetuated demeaning ethnic stereotypes, slandered honest politicians, and oversimplified complex issues.

political cartoons on civil war: *Rude Republic* Glenn C. Altschuler, Stuart M. Blumin, 2021-05-11 What did politics and public affairs mean to those generations of Americans who first experienced democratic self-rule? Taking their cue from vibrant political campaigns and very high voter turnouts, historians have depicted the nineteenth century as an era of intense and widespread political enthusiasm. But rarely have these historians examined popular political engagement directly, or within the broader contexts of day-to-day life. In this bold and in-depth look at Americans and their politics, Glenn Altschuler and Stuart Blumin argue for a more complex understanding of the space occupied by politics in nineteenth-century American society and culture. Mining such sources as diaries, letters, autobiographies, novels, cartoons, contested-election voter testimony to state legislative committees, and the partisan newspapers of representative American communities ranging from Massachusetts and Georgia to Texas and California, the authors explore a wide range of political actions and attitudes. They consider the enthusiastic commitment celebrated by historians together with various forms of skepticism, conflicted engagement, detachment, and hostility that rarely have been recognized as part of the American political landscape. *Rude Republic* sets the political parties and their noisy and attractive campaign spectacles, as well as the massive turnout of voters on election day, within the communal social structure and calendar, the local human landscape of farms, roads, and county towns, and the organizational capacities of emerging nineteenth-century institutions. Political action and engagement are set, too, within the tide of events: the construction of the mass-based party system, the gathering crisis over slavery and disunion, and the gradual expansion of government (and of cities) in the post-Civil War era. By placing the question of popular engagement within these broader social, cultural, and historical contexts, the authors bring new understanding to the complex trajectory of American democracy.

political cartoons on civil war: *Cartoon Conflicts* Richard Scully, Paulo Jorge Fernandes, Ritu Gairola Khanduri, 2025-07-28 This edited collection of new research highlights the way in which the cartoon - long regarded as a staple of journalism and freedom of expression - faces new challenges in the twenty-first century that can be far better understood and appreciated if one takes an historical perspective. Current debates over the limits of freedom of expression, 'political correctness', and 'cancel culture' all have their precedents in past controversies over cartoons and caricature; indeed there is a definite continuum between these past instances of debate and their present manifestations. Chapters 2 and 10 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

political cartoons on civil war: *The Civil War and Reconstruction* Stanley Harrold, 2007-11-28 This new volume deals with two momentous and interrelated events in American history—the American Civil War and Reconstruction—and offers students a collection of essential documentary sources for these periods. Provides students with over 60 documents on the American Civil War and Reconstruction Includes presidential addresses, official reports, songs, poems, and a variety of eyewitness testimony concerning significant events ranging from 1833-1879 Contains an informative introduction focused on the kinds of materials available and how historians use them Each chapter ends with questions designed to help students engage with the material and to highlight key issues of historical debate

political cartoons on civil war: *Spoiling and Coping with Spoilers* Galia Golan, Gilead Sher, 2019-06-14 For as long as people have been working to bring peace to areas suffering long-standing, violent conflict, there have also been those working to spoil this peace. These spoilers work to disrupt the peace process, and often this disruption takes the form of violence on a catastrophic level. Galia Golan and Gilead Sher offer a broader perspective. They examine this phenomenon by analyzing groups who have spoiled or attempted to spoil peace efforts by political or other nonviolent means. By focusing in particular on the Israeli-Arab conflict, this collection of essays considers the impact of a democratic society operating within a broader context of violence. Contributors bring to light the surprising efforts of negotiators, members of the media, political

leaders, and even the courts to disrupt the peace process, and they offer coping strategies for addressing this kind of disruption. Taking into account the multitude of factors that can lead to the breakdown of negotiations, *Spoiling and Coping with Spoilers* shows how spoilers have been a key factor in Israeli-Arab negotiations in the past and explores how they will likely shape negotiations in the future.

political cartoons on civil war: *Laws of Our Fathers* Ray Broadus Browne, 1986 The essays in this book trace many of the multitudinous forces at work on the Constitution and in the popular culture and show how the forces control and benefit each other. The subject is of profound importance and, beginning with these essays, needs to be studied at great length for the benefit of us all.

political cartoons on civil war: *Seeing High and Low* Patricia Johnston, 2006-06-14 Publisher Description

political cartoons on civil war: *The Historian's Lincoln* Gabor S. Boritt, Norman O. Forness, 1996 Winner of the Barondess/Lincoln Award of the Civil War Round Table of New York, 1989 For Lincoln specialists, *The Historian's Lincoln* deepens and sharpens familiar arguments. For nonspecialists, it is the most efficient and enjoyable way to 'get right' with Lincoln. -- Robert E. McGlone, *Pennsylvania Magazine of History and Biography* Provides an excursion to the frontiers of Lincoln scholarship, and insight into the passions of those who labor there. . . . Rarely do the products of a scholarly symposium so richly deserve placement on public and academic library shelves. -- John Y. Simon, *Choice* Authoritative, well written, and spiced by informed debate. In short, Lincoln's depth and height as a figure in history are well measured by this distinguished volume, not only in its several parts and authors, but also as a whole. -- Robert V. Bruce, author of *Lincoln and the Tools of War*

political cartoons on civil war: *Cracking the SAT U. S. and World History Subject Tests* Grace Roegner Freedman, Princeton Review, 2005-03 Reviews topics in American and world history, suggests test-taking strategies, and includes three full-length practice tests.
