

politically incorrect guide to islam

politically incorrect guide to islam offers an unvarnished exploration of one of the world's major religions, focusing on topics often considered sensitive or controversial. This article aims to provide a comprehensive examination of Islam's origins, core beliefs, cultural practices, and the sociopolitical issues surrounding its interpretation. By addressing frequently debated subjects with factual clarity, this politically incorrect guide to islam seeks to challenge common misconceptions while maintaining an objective tone. The discussion includes an analysis of Islamic doctrine, historical context, gender roles, legal systems, and the religion's global impact. Readers will gain insight into complex themes such as religious extremism, secularism, and multiculturalism. This politically incorrect guide to islam serves as a resource for understanding the multifaceted nature of Islam beyond surface-level narratives. The following sections will outline key areas essential for a nuanced comprehension of the religion and its role in contemporary society.

- Historical Origins and Development of Islam
- Core Beliefs and Practices of Islam
- Islamic Law and Its Implementation
- Gender Roles and Rights in Islamic Contexts
- Political Islam and Extremism
- Islam in the Modern World

Historical Origins and Development of Islam

The history of Islam begins in the early 7th century CE in the Arabian Peninsula, with the life and teachings of the Prophet Muhammad. Islam is rooted in the monotheistic traditions of Judaism and Christianity but presents a distinct theological framework through the Quran, considered by Muslims as the literal word of God. The rapid expansion of Islam after Muhammad's death led to the establishment of a vast empire that influenced a diverse range of cultures and societies. Understanding the historical context of Islam's rise is essential to grasp its religious, cultural, and political dimensions.

The Life of Prophet Muhammad

Prophet Muhammad, born in Mecca around 570 CE, is regarded as the final

prophet in Islam. His revelations, received over 23 years, form the Quran and guide Islamic theology and practice. Muhammad's role as a spiritual and political leader shaped the early Muslim community, setting precedents for governance, law, and interfaith relations. His life is a foundational reference point in any politically incorrect guide to Islam.

Expansion and Caliphates

Following Muhammad's death, the Islamic Caliphates began to expand rapidly, spreading the religion through conquest and trade. The Umayyad and Abbasid dynasties were particularly influential in shaping Islamic civilization, art, science, and jurisprudence. This era also saw internal sectarian divisions between Sunni and Shia Islam, which continue to influence Muslim societies today.

Core Beliefs and Practices of Islam

Islam is built on foundational beliefs and practices that define the faith and the daily lives of its adherents. The Five Pillars of Islam encapsulate the primary acts of worship and commitment expected from all Muslims. Understanding these principles is critical to any politically incorrect guide to Islam as they provide insight into both religious devotion and social behavior within Muslim communities.

The Five Pillars of Islam

The Five Pillars consist of:

- **Shahada:** The declaration of faith, affirming that there is no god but Allah, and Muhammad is His messenger.
- **Salah:** The performance of ritual prayers five times a day facing Mecca.
- **Zakat:** Almsgiving or charitable donations to support the needy within the community.
- **Sawm:** Fasting during the holy month of Ramadan from dawn until sunset.
- **Hajj:** The pilgrimage to the holy city of Mecca, which every Muslim must undertake at least once if physically and financially able.

Belief in God and Prophets

Muslims believe in a singular, omnipotent God known as Allah, who is merciful

and just. The prophets, including Adam, Noah, Abraham, Moses, Jesus, and Muhammad, serve as messengers conveying God's guidance. Islam emphasizes submission to God's will, alongside belief in angels, the Day of Judgment, and divine predestination.

Islamic Law and Its Implementation

Islamic law, or Sharia, governs many aspects of Muslim life, from personal conduct to criminal justice. Sharia is derived from the Quran, Hadith (sayings and actions of Prophet Muhammad), and centuries of scholarly interpretation. Its application varies widely across Muslim-majority countries, reflecting differing cultural, political, and legal traditions. The complexities of Sharia are crucial to understanding debates about law, human rights, and governance in Islamic contexts.

Sources of Sharia

Sharia law is based primarily on two sources: the Quran and the Hadith. In addition, Islamic jurisprudence (fiqh) uses ijma (consensus) and qiyas (analogical reasoning) to address new issues. The diversity in interpretation explains the wide range of practices seen in different Islamic societies.

Sharia in Practice

The implementation of Sharia varies significantly:

- Some countries apply Sharia strictly in criminal law, including hudud punishments.
- Others incorporate Sharia mostly in family law, such as marriage, divorce, and inheritance.
- Many Muslim-majority states have secular legal systems with limited Sharia influences.

This diversity challenges simplistic assumptions about Islamic law and its role in modern governance.

Gender Roles and Rights in Islamic Contexts

Gender dynamics in Islam are among the most debated topics in any politically incorrect guide to Islam. Islamic texts contain directives on the roles and responsibilities of men and women, but cultural interpretations and practices vary widely. Discussions about women's rights, dress codes, and participation

in public life are central to ongoing debates within Muslim societies and beyond.

Women's Status in Islamic Texts

The Quran and Hadith provide guidance on women's roles in family, society, and religion. While some verses emphasize spiritual equality and rights to education and property, others prescribe distinct roles and dress codes. The interpretation of these texts has evolved and is contested among scholars.

Contemporary Issues and Debates

Issues such as the wearing of the hijab, female education, and legal rights continue to provoke discussion. Some Muslim-majority countries have made significant progress in women's rights, while others maintain conservative practices. These variations reflect broader debates about tradition, modernity, and human rights in Islam.

Political Islam and Extremism

Political Islam, or Islamism, refers to movements seeking to implement Islamic principles in government and society. This phenomenon is diverse, ranging from peaceful political participation to violent extremism. Understanding the distinctions and historical development of these movements is essential for an accurate politically incorrect guide to islam.

Islamism and Its Goals

Islamist movements aim to establish governance based on Sharia law, often in opposition to secular or Western-influenced systems. Groups vary in ideology and methods, including political parties, social organizations, and militant factions. The motivations and goals of these groups are shaped by local contexts and global geopolitical factors.

Extremism and Terrorism

Extremist groups that use violence have gained international attention, impacting perceptions of Islam globally. It is important to differentiate between the vast majority of peaceful Muslims and radical elements. The roots of extremism are complex, involving political grievances, social marginalization, and ideological manipulation.

Islam in the Modern World

Islam's role in the contemporary world is multifaceted, influencing politics, culture, and international relations. The religion interacts with issues such as globalization, migration, secularism, and interfaith dialogue. This section addresses how Islam adapts and responds to modern challenges while retaining its core identity.

Islam and Globalization

Globalization has facilitated the spread of Islamic culture and ideas, as well as increased interaction between Muslims and non-Muslims. This has led to both greater understanding and heightened tensions. Diaspora communities play a significant role in shaping perceptions and practices of Islam worldwide.

Challenges and Opportunities

Muslim societies face challenges such as political instability, economic development, and human rights concerns. At the same time, many Muslim-majority countries contribute to global arts, sciences, and diplomacy. The ongoing dialogue about Islam's place in the modern world continues to evolve, reflecting a diverse and dynamic faith tradition.

Frequently Asked Questions

What is 'The Politically Incorrect Guide to Islam' about?

It is a book that presents a critical perspective on Islam, discussing historical and contemporary issues related to the religion, often challenging mainstream narratives.

Who is the author of 'The Politically Incorrect Guide to Islam'?

The book is written by Robert Spencer, a controversial author known for his critical views on Islam and Islamic history.

Why is 'The Politically Incorrect Guide to Islam' considered controversial?

The book is considered controversial because it presents Islam in a highly critical light, which some view as biased or inflammatory, sparking debates

about Islamophobia and freedom of speech.

What topics does 'The Politically Incorrect Guide to Islam' cover?

It covers topics such as the origins of Islam, Islamic theology, jihad, Sharia law, and the impact of Islam on modern society, often highlighting conflicts and controversies.

Is 'The Politically Incorrect Guide to Islam' suitable for academic study?

While it offers a provocative viewpoint, the book is generally not considered an objective academic resource due to its polemical tone and selective use of sources; readers should consult a variety of perspectives for a balanced understanding.

Additional Resources

1. The Politically Incorrect Guide to Islam

This book aims to challenge mainstream narratives about Islam by addressing controversial topics often avoided in polite discourse. It examines historical, theological, and cultural aspects of Islam from a critical perspective, questioning widely accepted assumptions. The author seeks to provoke thought and debate about the religion and its impact on global affairs.

2. Islam Unveiled: A Critical Examination of Faith and Politics

"Islam Unveiled" offers a detailed critique of Islamic doctrine and its political implications in the modern world. The book explores the intersection of religion and governance, focusing on issues such as Sharia law, human rights, and freedom of speech. It encourages readers to consider the complexities behind the religion's global influence.

3. Behind the Veil: The Untold Story of Islam's Dark Side

This book delves into the lesser-known and often controversial aspects of Islamic history and practice. It discusses topics such as gender inequality, religious intolerance, and extremist ideologies within various Islamic communities. The author provides a perspective that challenges conventional portrayals of Islam.

4. Islam and the West: A Clash of Civilizations?

Examining the tensions between Islamic societies and Western nations, this book analyzes cultural, political, and religious conflicts. It investigates whether these conflicts stem from misunderstanding or fundamental differences in values and worldviews. The author presents arguments on both sides to foster a nuanced understanding.

5. *The Truth About Jihad: Myths and Realities*

This book seeks to clarify common misconceptions about jihad, separating religious doctrine from political propaganda. It explores the historical context of jihad and how its interpretation has evolved over time. The author discusses the implications of jihadist movements on global security and interfaith relations.

6. *Islamic Extremism: A Critical Guide*

Focusing on the rise of radical movements within Islam, this book analyzes the causes and consequences of extremism. It examines how political, social, and theological factors contribute to the growth of violent ideologies. The author also considers strategies for countering extremism while respecting religious freedoms.

7. *Freedom and Islam: Contradictions and Challenges*

This book explores the complex relationship between Islamic teachings and concepts of freedom, including freedom of speech, religion, and gender rights. It highlights areas where Islamic law and modern democratic values may conflict. The author offers insights into potential pathways for reform and coexistence.

8. *The Islam Debate: Voices from Both Sides*

Presenting a balanced collection of essays, this book features perspectives from scholars, critics, and practitioners of Islam. It covers contentious issues such as integration, secularism, and religious tolerance. The diversity of viewpoints encourages readers to engage critically with the ongoing debate about Islam's role in contemporary society.

9. *Unmasking Political Islam: Ideology, Power, and Influence*

This book investigates the political dimension of Islam, focusing on movements that seek to merge religion with governance. It analyzes the ideology behind political Islam and its impact on domestic and international politics. The author examines case studies to illustrate the challenges posed by political Islam to secular states.

politically incorrect guide to islam: The Politically Incorrect Guide to Islam (And the Crusades) Robert Spencer, 2005-07-01 Presents a critical analysis of the differences between Christianity and Islam and maintains that Islam contains a political agenda which endorses violence and aggression against non-Muslims.

politically incorrect guide to islam: *Politically Incorrect Guide to Islam (And the Crusades)*

Robert Spencer, 2005-08-01 The courageous Robert Spencer busts myths and tells truths about jihadists that no one else will tell. —MICHELLE MALKIN While many choose to simply blame the West for provoking terrorists, Robert Spencer's new book *The Politically Incorrect Guide to Islam (and the Crusades)*[™] reveals why it is time to ignore political correctness and identify the enemy - if we hope to ever defeat them. In a fast-paced, politically incorrect tour of Islamic teachings and Crusades history, Spencer reveals the roots of Islamic violence and hatred. Spencer refutes the myths popularized by left-wing academics and Islamic apologists who justify their political agendas with contrived historical "facts." Exposing myth after myth, *The Politically Incorrect Guide to Islam (and the Crusades)*[™] tackles Islam's institutionalized mistreatment of non-Muslims, the stifling effect Islam has on science and free inquiry, the ghastly lure of Islam's X-rated Paradise for suicide bombers and jihad terrorists, the brutal Islamic conquests of the Christian lands of the Middle East and North Africa, and more. In *The Politically Incorrect Guide to Islam (and the Crusades)*[™], you will learn: How Muhammad did not teach "peace and tolerance"—instead he led armies and ordered the assassination of his enemies Why American Muslim groups and left-wing academics are engaged in a huge cover-up of Islamic doctrine and history How today's jihad terrorists following the Qur'an's command to make war on Jews and Christians have the same motives and goals as the Muslims who fought the Crusaders Why the Crusades were not acts of unprovoked aggression by Europe against the Islamic world, but a delayed response to centuries of Muslim aggression What must be done today—from reading the Qur'an to reclassifying Muslim organizations—in order to defeat jihad terrorists

politically incorrect guide to islam: *Politically Incorrect Guide to Jihad* William Kilpatrick, 2016-09-26 A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

politically incorrect guide to islam: Politically Incorrect Guide to the Middle East Martin Sieff, 2008-01-28 The Middle East is almost never off the front pages, yet most Americans know little about the region. Why? The mainstream media and Ivy League academics, instead of helping, only make matters worse by casting everything in the usual politically correct mold: Arab terrorists are just desperate freedom fighters, and the region's one free democracy -- Israel -- is the oppressor, not least because of its alliance with America. And if Islamic extremism is a problem, the establishment tells us, it's only because it's rooted in that source of all evils: religion. A different strain of political correctness has seeped into some minds on the right -- most notably the Bush administration, which, so ready to buy into the egalitarian myths we are all taught, believed that Western-style democracy could flourish anywhere. Now, in *The Politically Incorrect Guide to the Middle East*, veteran Middle East correspondent Martin Sieff puts the lie to all these myths and clichés, giving you everything you need to know about the region to understand its past, its present, and its possible future.

politically incorrect guide to islam: The Politically Incorrect Guide to Capitalism Robert P. Murphy, 2007-04-09 An irreverent look at capitalism that exposes common fallacies and offers simple explanations of complex issues related to capitalism and its role in the world's economy.

politically incorrect guide to islam: The Politically Incorrect Guide to Darwinism And Intelligent Design Jonathan Wells, 2006-08-01 A non-technical analysis of the controversial culture war over Darwin versus intelligent design states that there is no irrefutable evidence supporting Darwinism, argues that Darwin-based theories that are taught in school are not fact-based, and reveals how scientists at major universities believe in intelligent design. Original.

politically incorrect guide to islam: The Politically Incorrect Guide to the British Empire H. W. Crocker, III, 2011-10-24 Presents an irreverent and humorous look at the four-hundred-year history of the British empire.

politically incorrect guide to islam: Politically Incorrect Guide to Hunting Frank Miniter, 2007-08-21 Why the Left's anti-hunting propaganda is dead wrong! Nothing is more hated--and more misunderstood--by the trendy Left than hunting. But now intrepid hunter and pro-hunting activist Frank Miniter sets the record straight. In *The Politically Incorrect Guide(tm) to Hunting*, he details the concrete benefits that hunting provides to all of us--even how it helps the environment. Speaking

with wildlife biologists, hunters, farmers, anti-hunters, and victims of animal attacks, Minter explains how banning hunting negatively affects wildlife populations and conservation. Minter's fearless, politically incorrect take on hunting lays out the facts that liberal enviro-nuts don't want you to know.

politically incorrect guide to islam: Politically Incorrect Guide to Immigration John Zmirak, Al Perrotta, 2018-05-21 America's immigration crisis is out of control! Unregulated immigration has led to an increase in crime, a loss of working class jobs, an inflated welfare state, and an elevated amount of terror threats on our home territory. The clash of differing emotions, facts, and opinions reveal that this issue is not simply a nationwide disagreement; it is an American crisis. In *The Politically Incorrect Guide to Immigration*, authors John Zmirak and Al Perrotta debunk the Left's most deceptive myths on this complex policy issue - and reveal the huge implications that lie ahead for our nation's future. Zmirak and Perrotta set the record straight on the history of American immigration, uncover the principles with which our forefathers migrated to America, affirm the respect with which migrants should treat our country if they wish to live here, and assert real solutions to the immigration crisis America faces. *The Politically Incorrect Guide to Immigration* equips readers with real-life statistics and information, and is packed with targeted arguments to help convince even the staunchest advocates for open borders that America needs to build "The Wall." You may think you know all about immigration, but in *The Politically Incorrect Guide to Immigration* you'll learn:

- Building "The Wall" would cost less than half of what we spend to educate illegal immigrants every year
- Illegal immigration costs American taxpayers \$116 billion a year
- 62% of naturalized immigrants are for the Democrats; only 25% are for the Republicans
- Competition from immigrants costs American worker \$450 billion a year
- The Founders wanted to admit only immigrants who would make a net contribution—and assimilate
- Millions of nineteenth-century immigrants who couldn't make it in America went back home
- The percent of foreign-born in the United States today is the highest since World War I—and this time we're not doing "Americanization"
- After Reagan's 1986 Amnesty the illegal population went from 3.2 million to 11 million
- Over 700,000 foreign visitors to the United States in 2016 overstayed their visas
- Eighty percent of Central American women and girls who enter the United States illegally are raped along the way
- Non-citizens are only 9 percent of our population but 27 percent of federal prisoners
- One hundred forty-seven million more people from around the world would like to move to the United States

politically incorrect guide to islam: The Politically Incorrect Guide to the Civil War H. W. Crocker, 2008-09-30 Suggests that that the Confederate States of America had a strong constitutional case, and that modern ideas of this region and time period rely heavily on stereotypes and misinformation.

politically incorrect guide to islam: Stephen Blanton, 2011-01-01 What motivates some followers of Islam to commit terrorist acts? What does the Islamic holy book say about murder, war, and women's rights? Why won't moderate Muslims speak out against mass murder committed by their extremist brothers? Should we take Islamic jihadists seriously when they proclaim their goal of world conquest? Can anything be done to stop Islamic violence? *The Heart of Islam* answers these questions clearly and succinctly with easily verifiable facts. The world view of Islam will change when its doctrines, strategies and history become widely known. The time to learn is now. Blog: <http://theheartofislam.wordpress.com> Twitter: <http://twitter.com/stephenblanton> Facebook: <https://www.facebook.com/pages/The-Heart-Of-Islam/151931891539269#!/pages/The-Heart-Of-Islam/151931891539269?sk=wall>

politically incorrect guide to islam: Citizen-Soldier Handbook: 101 Ways Every American Can Fight Terrorism Michael Mandaville, 2009-02 *Citizen Soldier Handbook: 101 Ways for Every American to Fight Terrorism* is a How-To Guide for Americans to fight the greatest threat to Western Civilization - Radical Islam. Terrorists declared every man, woman and child to be a target. We have no choice but to become Citizen Soldiers. This book will inspire you.... -John Ziegler Radio Show Host & Author The Death of Free Speech We are engaged in a great war of Ideas - Freedom versus Tryanny, Democracy versus Islamic Totalitarianism. The weapon of ... is Information. As a writer, I understand the power of Ideas, Information and Humor. The Citizen-Soldier Handbook will help and inspire you, your friends, family, coworkers, fellow Americans to get the word out in dozens of ways. -Burt Prelutsky Former WGA President & Author Conservatives Are from Mars, Liberals Are from San Francisco: 101 Reasons I'm Happy I Left the Left The Citizen-Soldier Handbook is an invaluable resource... at once an exhaustively researched compendium of strategies and a stirring reaffirmation of the meaning of citizenship, it is a clarion call to action in a time when too many have been lulled into a false sense of complacency. -Harry Stein - Author of How I Accidentally Joined the Vast Right-Wing Conspiracy (and Found Inner Peace)' and is a Contributing Editor to City Journal ...this is more than a handbook. It is a call to action. In this age of information and internet warfare, everyone can be a Citizen Soldier and everyone can join the fight. The Citizen Soldier Handbook will show you the way. -Brandon L. Millett Chairman and Co-Founder, The GI Film Festival, Washington D.C. The Citizen Soldier Handbook's Five Sections has 101 Actions (even more if you include subheadings) urging Americans to take action in their Lives, Communities and the World to fight Radical Islam. Morale - Believe in the Greatness of America and Fight For Her Intelligence - Learn about Radical Islam, its Roots, Adherents, Beliefs and Dangers Physical Training - As Physical Beings, We Must Be in Shape to Take Action Mental Training - Steel Yourself for the Mission Ahead. Take Action - Take Action With Suggestions, Ideas, Techniques, Methods and Resources, Organizations and More.... This Book is a Match to Light The Torch of Freedom that You - America's Citizen Soldier - Must Hold High to Stop the Encroaching Darkness. The Fight Is Yours.

politically incorrect guide to islam: The Secular Outlook Paul Cliteur, 2010-09-29 The Secular Outlook: In Defense of Moral and Political Secularism shows how people can live together and overcome the challenge of religious terrorism by adopting a secular outlook on life and politics. Shows how secularism can answer the problem of religious terrorism Provides new perspectives on how religious minorities can be integrated into liberal democracies Reveals how secularism has gained a new political and moral significance. Also examines such topics as atheism, religious criticism and free speech

politically incorrect guide to islam: A Time to Clash Doug Giles, 2007-11

politically incorrect guide to islam: How India's Intellectuals Spread Lies (2nd Edition) Ravi Shanker Kapoor, 2014-08-20

politically incorrect guide to islam: Political Correctness Does More Harm Than Good: How to Identify, Debunk, and Dismantle Dangerous Ideas Douglas Kruger, 2020-10-27 Political Correctness Does More Harm Than Good! It's a surprising assertion. Isn't PC culture all about kindness? About protecting victimized groups? If you trace the history of political correctness, the answer is emphatically no. It has other goals in mind and has since its inception with thinkers like Rousseau. Author Douglas Kruger traces the unfolding ideology from its dark genesis (the French Revolution and subsequent terror) through its various incarnations— Marxism, relativism, post-modernism, and all the way to today's identity-politics. He points out the flaws, fallacies, and in many cases, the body-counts these ideologies have wracked up. Uniquely, this book then goes one step further. It is not merely descriptive history; it is not just explanatory philosophy. This is a debate guide, a how-to manual for those interested in attacking these harmful ideas head on. Do you know how to articulate what is wrong with "woke" arguments? Do you know how to defend the Western tradition against relentless onslaught from the PC-Police? Here is how, step by step and argument by argument. Become a master at identifying, debunking, and dismantling dangerous

ideas. Add your voice to the culture wars and learn precisely how to fight for tried and tested Western values—values like science, democracy, logic, rule of law, and the Judeo-Christian tradition of human rights and values. As it turns out, you can have truth, or you can have political correctness, but you can't have both. Award-winning speaker and author Douglas Kruger also provides you with supplemental "how-to" videos on his site www.BreakingWoke.com.

politically incorrect guide to islam: *Battle of Tours* John C. Scott, 2013-05-22 TOURS, THE MOST SIGNIFICANT BATTLE IN HISTORY This is not a history book! It is not unlikely that this book will get me killed and I would not dismiss the danger to its publishers. If you have the courage to print and distribute it, there is no doubt that it will be one of the all-time best sellers in the world today. Tours, the largest city in the Centre region of France, is the location of what was arguably the most significant battle in human history. Here, in 732, Charles the Hammer Martel stopped an invading army of sixty thousand Muslims cold. Martel slaughtered every one of them and left their unholy bones to rot as a testament to God and all who passed. Since the birth of the so-called prophet Mohammed in 471 AD, the crazed followers of Allah rampaged throughout the Middle East and invaded southern Europe in an attempt to lay waste to all Christian lands, murdering, pillaging and proselytizing. The spread of Islam throughout the Middle East was most certainly by and under the sword. The Egyptians were obviously not Arabs or Muslims until the armies of Islam swept into their territories. Equally, in every country that fell under the murdering hands of the Muslims, the people of those countries were subjugated and slaughtered, forced to convert or die. Indeed, no one can argue that Islam is not a diseased cult spread by force staining human history with blood. The story I wrote is about Charles Martel and how he came to be there on that fateful day at Tours as the sole defender of the faith and all that stood against the Muslim onslaught that had penetrated so deeply into Europe. I argue that had not Martel been able to stop them, it is highly likely that today, all of us, the entire Christian world, would have likely been destroyed and forced to convert or die. The spires of the minarets would today have been in the thousands throughout Europe and even into the new world. It is highly probable that Islam would have retained a dominant position throughout the world just as they do today in all lands that have fallen under their obscene rule. With their seeming worship and devotion of and to ignorance, human civilization would have been stuck in the past. We would have had no modernization, no invention and no advancement- mankind today would still be living in the dark ages under the cruel eyes of the Mutawas (thought police) and vicious power hungry Ayatollahs. It would be centuries later, during the Ottoman Empire, that Islam again threatened Europe. It is important to note that Martel's victory at Tours, and his later campaigns, prevented invasion of Europe by the Muslim caliphate. Martel preserved and protected Christianity and Western civilization, as we know it. Gibbons called him the paramount prince of his age. A strong argument can be made that Gibbons was entirely correct. The book describes the Battle of Tours as if it were happening today. it recreates the movements of the armies, the difficulties of provisioning such large numbers in those times and looks into the minds of the leaders and soldiers as they fought and died in that historic conflict. The book shows us the motivations of the mad Muslims who so desperately wanted to destroy western Christianity and delves into their reasoning then and now. Tours is important because it was the first time a western Christian Army had defeated the marauding Muslims and it set the stage for the retaliation that was to follow in the form of the Crusades. Both the crusades and the attacks into Europe by the Muslims that preceded them, laid the foundations for the humiliation, anger and hatred that motivates the attacks on the west by the Jihadists of today. The skein of history in those times is thin. The book does not rely on diaries and written accounts as one can in more recent battles...

politically incorrect guide to islam: *Understanding Christian-Muslim Relations* Clinton Bennett, 2008-04-10 For centuries Christians and Muslims have engaged with each other in manifold ways, peaceful and otherwise, be it in scholarly study, or in war and colonization. Today, Christians represent an influential body of opinion that largely perceives Islam, post 9/11, as a threat. Yet Muslims represent approximately one third of the world's population. Improved understanding between Christians and Muslims is therefore crucial and a prerequisite for universal

peace and justice. This book aims to investigate Islam's place in the world, Muslim aspirations vis-a-vis non-Muslims and the realities of how Muslims are perceived and how they perceive others. Each chapter analyses accessible texts from central thinkers and commentators, broadly split into two camps: confrontational or conciliatory. Christian-Muslim relations are set in the wider context of civilizational, geo-political and economic interaction between the Muslim world and the historically Christian West.

politically incorrect guide to islam: Untroubling a Troubled World Dr. J. Knowname, 2011-06-07 THIS AUTHOR THINKS HE IS Victor Borge, a famous comedian, who was also an accomplished piano player. He played the deepest, most serious classical music and, at the same time, made his audience laugh til they split their sides. The author of this book delves into life and death issues of the day, proposes solutions and makes the readers laugh we hope. The list below represents Some of the topics he explores. Corporate of ?? cers should not be getting rich through the losses of the working man Stand up to big oil it is time for an excess pro ?? ts tax Dissolve Democratic and Republican parties to take power away from big money, big corporations, and lobbyists A way to create a government town meeting of the air to decide issues This will give us government of the people, by the people, and for the people Finally, a place for non-voters and independents A solid plan for universal world peace The world peace association (WPA) can replace the U.N. or coexist with it Ideas in this book can end terrorism Militant Islam represents the worst street gang on the planet! (Statement of a black American convert to islam) The horri ?? c problems in this world are not all due to religion, but to the weakness, greed and immaturity of the human race Religion must pay taxes as any other enterprise If rights came from God, what took him so long? Solve social security problem with ease Drastically reduce national debt End poverty, end outsourcing, end illegal immigration end need for the IRS, end the fake war on drugs Israeli Palestinian con ?? ict Muslim plot for world power grab

politically incorrect guide to islam: *The Pro-Israel Lobby in Europe* Elvira King, 2016-03-02 The activities of pro-Israel pressure groups and lobbyists in the US are well-known. But the pro-Israel lobby in Europe is less prominent in both academic and media accounts. In a unique account, Elvira King identifies the pro-Israeli groups which attempt to influence policy-makers and implementers in the EU, specifically examining Christian Zionist groups. Through a detailed study of the European Coalition for Israel (ECI), the only Christian Zionist lobby in Brussels, Elvira King analyses whether and how a religious group can (and can fail to) influence decision-makers in the EU. By exploring the context of European relations with Israel as well as the mechanisms through which pressure groups are able to influence EU-wide policies, King offers an analysis which demonstrates how the EU can be a site where religion and politics meet, rather than just being a secular institution. It therefore contains vital primary research for both those interested in the pro-Israel lobby as well as those examining the role of religion in politics more generally.
