

politics in the bible

politics in the bible is a multifaceted subject that explores how political themes, governance, power structures, and leadership are addressed throughout the biblical texts. The Bible, consisting of the Old and New Testaments, provides a historical and theological framework that has influenced political thought and systems for centuries. This article examines the intersection of religion and politics as portrayed in the Bible, highlighting key figures, events, and principles that shape the understanding of authority and governance. From the establishment of kingship in ancient Israel to the teachings of Jesus on authority and submission, the Bible offers a rich context for analyzing political power and morality. Exploring the role of prophets, kings, and early Christian communities, this discussion reveals how biblical narratives inform contemporary debates on law, justice, and political order. The following sections will delve into the political structures in the Old Testament, New Testament perspectives on government, and the enduring impact of biblical politics on modern society.

- Political Structures in the Old Testament
- Governance and Authority in the New Testament
- Key Biblical Figures and Their Political Roles
- Prophetic Critiques of Political Power
- Influence of Biblical Politics on Modern Governance

Political Structures in the Old Testament

The Old Testament presents a variety of political systems that evolved over time, reflecting Israel's transformation from a tribal confederation to a centralized monarchy. Early on, governance was largely tribal, with leaders such as judges who acted as military and judicial authorities. As the nation developed, the establishment of kingship marked a significant shift in political organization, introducing hereditary rule and centralized power.

Tribal Leadership and Judges

Before the monarchy, Israel was governed by judges who exercised authority in both civil and military matters. These leaders, such as Deborah, Gideon, and Samson, were seen as divinely appointed to deliver Israel from oppression and maintain order. The period of the judges was characterized by decentralized governance and frequent cycles of conflict and repentance.

The Institution of Kingship

The transition to monarchy began with Saul, the first king of Israel, followed by more prominent rulers like David and Solomon. Kingship centralized political authority and established a dynastic system. The Old Testament describes the king's role as both a political leader and a servant of God, responsible for justice, national security, and religious fidelity.

Theocracy and Divine Authority

The Old Testament framework blends political leadership with religious authority, often described as a theocracy. God is depicted as the ultimate sovereign, with human rulers accountable to divine law. This intertwining of spiritual and political authority shaped Israel's governance and legal codes, including the covenantal laws given to Moses.

- Tribal confederation and decentralized leadership
- Role of judges as military and spiritual leaders
- Establishment and significance of the monarchy
- The king's responsibility to uphold divine law
- The concept of God as the supreme ruler

Governance and Authority in the New Testament

The New Testament presents a distinct perspective on politics and authority, emphasizing spiritual kingdom concepts and ethical teachings that often contrast with worldly power. Jesus and the apostles addressed political authorities of their time, offering guidance on how Christians should relate to government and legal systems.

Jesus' Teachings on Authority

Jesus' approach to political power was revolutionary, emphasizing humility, service, and the coming of the Kingdom of God. He challenged conventional notions of authority and leadership, teaching that true power is expressed through love and sacrifice rather than domination. His famous statement, "Render unto Caesar the things that are Caesar's," highlights a nuanced view of the relationship between religious duty and civic responsibility.

Apostolic Instructions on Government

The apostles, particularly Paul, encouraged Christians to respect governing authorities while focusing on spiritual obedience to God. Passages in Romans and Timothy emphasize submission to rulers as ordained by God to maintain order. At the same time, early Christians were called to prioritize allegiance to Christ above all earthly powers, often facing persecution for their faith.

The Concept of the Kingdom of God

The New Testament introduces the idea of the Kingdom of God as a spiritual realm that transcends earthly political systems. This kingdom is characterized by justice, peace, and righteousness, contrasting with the often flawed human governments. The anticipation of this divine kingdom influenced Christian attitudes toward political engagement and social justice.

- Jesus' redefinition of power and leadership
- Balancing civic duties with spiritual commitments
- Respect for governmental authorities as divine instruments
- The spiritual Kingdom of God as a higher political reality
- Early Christian experiences with political persecution

Key Biblical Figures and Their Political Roles

Several prominent individuals in the Bible played critical roles in shaping political narratives and exemplifying leadership qualities. Their lives and actions provide insight into the complexities of governance and the moral challenges associated with power.

King David

David is one of the most influential political figures in biblical history, known for uniting the tribes of Israel and establishing Jerusalem as the political and religious center. His reign is often idealized as a model of righteous leadership, though his life also reveals the personal and political struggles involved in wielding authority.

Prophet Samuel

Samuel served as both a spiritual leader and political figure, anointing the first kings of Israel and guiding the nation through critical transitions. His role highlights the interplay

between divine guidance and political decision-making in biblical governance.

King Solomon

Solomon is renowned for his wisdom and for building the First Temple, symbolizing the fusion of political power and religious devotion. His administration brought relative peace and prosperity, though it also sowed seeds of future division due to heavy taxation and labor demands.

Caesar Augustus and Roman Authorities

The New Testament references Roman political leaders, such as Caesar Augustus, who ruled the empire during Jesus' birth. These figures represent the dominant political power of the era and the context within which early Christian teachings emerged.

- David's unification and leadership of Israel
- Samuel's dual role as prophet and political guide
- Solomon's reign and temple construction
- Roman imperial context during the New Testament

Prophetic Critiques of Political Power

Prophets in the Bible often acted as vocal critics of political leaders and social injustices, calling for repentance and adherence to God's laws. Their messages frequently challenged corrupt governance and highlighted the moral responsibilities of rulers.

Isaiah's Vision of Justice

Isaiah emphasized the necessity of righteousness and justice in leadership, condemning oppression and exploitation. His prophecies envision a future where political power is exercised with fairness and compassion under God's guidance.

Jeremiah's Warnings Against Corruption

Jeremiah confronted the moral decay of Judah's leaders, warning of divine judgment for their failure to uphold justice. His critiques underscore the consequences of political corruption and the importance of accountability.

Amos on Social Justice

Amos is notable for his strong denunciations of social inequality and the mistreatment of the poor. He challenged both the ruling elite and religious authorities to act justly and care for marginalized communities.

- Prophetic calls for righteous leadership
- Condemnation of political and social corruption
- Emphasis on justice and care for the vulnerable
- Warnings of divine judgment for injustice

Influence of Biblical Politics on Modern Governance

The political ideas and principles found in the Bible have had a profound impact on the development of modern political thought and institutions. Concepts such as justice, human dignity, and the rule of law draw from biblical teachings and have shaped Western political traditions.

Foundations of Western Political Philosophy

Biblical narratives and ethics have informed key political philosophies, including ideas about natural law, the role of government, and the rights of individuals. These influences are evident in documents like the U.S. Constitution and the development of democratic governance.

Church and State Relations

The Bible's teachings on authority and submission have contributed to ongoing debates about the relationship between religious institutions and political power. Various interpretations have led to differing models of church-state separation and the role of religion in public life.

Contemporary Political Discourse

Political leaders and movements frequently invoke biblical language and principles to support policy positions and ethical arguments. The enduring relevance of politics in the Bible continues to shape discussions on justice, human rights, and moral governance today.

- Biblical ethics as a basis for legal systems
- Influence on democratic ideals and human rights
- Debates over religion's role in government
- Use of biblical rhetoric in modern politics

Frequently Asked Questions

What role does politics play in the Bible?

Politics in the Bible often revolves around governance, justice, leadership, and the relationship between rulers and the people, highlighting moral and ethical guidelines for political authority.

How are kings portrayed in the Bible?

Kings in the Bible are portrayed with a range of characteristics, from righteous leaders like King David who follow God's commands to corrupt rulers who face divine judgment, illustrating the consequences of their political decisions.

Does the Bible endorse any particular form of government?

The Bible does not explicitly endorse a specific form of government, but it emphasizes principles such as justice, righteousness, and servant leadership that can apply to various political systems.

What is the significance of the story of King Solomon in biblical politics?

King Solomon's story highlights wisdom in leadership, political alliances through marriages, and the challenges of balancing power with spiritual obedience, reflecting complex political dynamics in biblical times.

How does the Bible address the relationship between religion and politics?

The Bible often intertwines religion and politics, showing that political leaders are accountable to God and that religious laws influence governance and societal norms.

Are there examples of political rebellion or resistance in the Bible?

Yes, the Bible contains several instances of political rebellion, such as the Israelites' resistance against oppressive rulers and narratives like the Maccabean revolt, illustrating themes of justice and liberation.

What does the New Testament say about Christians and political authority?

The New Testament advises Christians to respect and obey political authorities as long as such obedience does not contradict God's commands, emphasizing a balance between civic duty and spiritual allegiance.

How is justice portrayed in the political context of the Bible?

Justice in the Bible's political context is portrayed as fairness, protection of the vulnerable, and adherence to God's laws, serving as a foundation for rulers and societies to maintain order and righteousness.

What lessons about leadership can modern politicians learn from the Bible?

Modern politicians can learn about servant leadership, humility, accountability to higher moral standards, the importance of wisdom, and the need to prioritize the common good from biblical leaders and teachings.

Additional Resources

1. Kingdoms and Covenants: Political Power in the Old Testament

This book explores the intricate relationship between political authority and religious covenant in the Old Testament. It examines the roles of kings, priests, and prophets within the nation of Israel and how divine law influenced governance. Through historical and theological analysis, the author reveals how biblical narratives shaped ancient political ideologies.

2. Caesar and Christ: The Intersection of Roman Politics and Early Christianity

Focusing on the New Testament era, this work investigates the complex dynamics between the emerging Christian movement and the Roman political system. It discusses how Jesus and the apostles navigated imperial authority, highlighting themes of power, resistance, and accommodation. The book provides insight into the political challenges faced by early Christians.

3. Prophets and Power: Political Themes in Biblical Prophecy

This book delves into the political messages embedded in the writings of the biblical prophets. It highlights their critiques of kings and rulers, calls for justice, and visions of ideal

governance under God's sovereignty. The author emphasizes the prophets' role as political actors advocating for ethical leadership.

4. Divine Kingship: The Theology of Rulership in the Bible

Examining the concept of divine right and kingship, this book analyzes how biblical texts portray rulers as God's representatives on earth. It discusses the theological foundations for monarchy and the limits placed on royal power by covenantal obligations. The study also considers the implications for understanding political authority today.

5. Law and Leadership: Political Institutions in Ancient Israel

This volume investigates the development of political institutions such as the judges, elders, and the monarchy within Israelite society. It explores how biblical law provided a framework for governance and social order. The book offers a detailed look at the interplay between legal codes and political leadership.

6. Empire and Gospel: Political Contexts of the New Testament

Exploring the political environment of the Roman Empire during the first century, this book situates the New Testament writings within their imperial context. It addresses issues like citizenship, taxation, and imperial cults, showing how they influenced early Christian thought and practice. The author argues that understanding this context is crucial for interpreting the political dimensions of the gospel.

7. Justice and Power: Political Ethics in the Biblical Tradition

This book focuses on the ethical teachings related to power and governance found throughout the Bible. It considers how biblical principles of justice, mercy, and righteousness challenge and shape political authority. The work draws connections between ancient texts and contemporary political ethics.

8. The Politics of Exile: Leadership and Identity in the Babylonian Captivity

Analyzing the period of Israel's exile in Babylon, this book examines how political displacement affected religious identity and leadership. It explores prophetic responses to foreign domination and the hope for restoration. The study highlights the resilience of political and theological vision in times of crisis.

9. Jesus and Political Authority: A Biblical Perspective

This book investigates Jesus' teachings and actions in relation to political power and authority. It covers topics such as the kingdom of God, nonviolence, and subversion of imperial rule. The author presents a nuanced view of Jesus as both a spiritual and political figure in the biblical narrative.

politics in the bible: Politics According to the Bible Wayne A. Grudem, 2010 Should Christians be involved in political issues? This comprehensive and readable book presents a political philosophy from the perspective that the Gospel pertains to all of life, including politics. Politics--According to the Bible is an in-depth analysis of conservative and liberal plans to do good for the nation, evaluated in light of the Bible and common sense. Evangelical Bible professor, and author of the bestselling book Systematic Theology, Wayne Grudem unpacks and rejects five common views about Christian influence on politics: compel religion, exclude religion, all government is demonic, do evangelism, not politics, and do politics, not evangelism. Instead, he defends a position of significant Christian influence on government and explains the Bible's teachings about the purpose of civil government and the characteristics of good or bad governments. Grudem provides a thoughtful analysis of over fifty specific and current political issues dealing with: The protection of life. Marriage, the family, and children. Economic issues and taxation. The environment. National defense Relationships to other nations. Freedom of speech and religion. Quotas. And special interests. Throughout this book, he makes frequent application to the current policies of the Democratic and Republican parties in the United States, but the principles discussed here are relevant for any nation.

politics in the bible: Politics in the Bible Paul R. Abramson, 2011-12-31 The Bible is fundamental to Western culture. Political philosophers from Hobbes, Locke, Montesquieu, and Rousseau to modern political theorists such as George H. Sabine, Leo Strauss, and Sheldon S. Wolin have drawn upon biblical examples. American political leaders, such as Thomas Paine, Abraham Lincoln, and William Jennings Bryan all drew heavily upon the Bible. Today, most contemporary politicians display less familiarity with Scripture although many proudly proclaim themselves to be born-again Christians. Politics in the Bible has a simple goal: to help readers to think critically about how the Bible illuminates understanding of justice, leadership, and politics. For a political scientist, there are great advantages to studying the Bible. Students of the Bible have short texts to analyze, but they have a history of two thousand years of Jewish and Christian scholarly discussion. In that tradition, Paul R. Abramson analyzes stories drawn from eighteen of the thirty-nine books of the Hebrew Bible and fifteen of the twenty-seven books of the New Testament. Abramson argues that the Bible is a book that should be read even by those who do not believe it has any transcendent significance. One can choose to read it as the revealed word of God, as a source of Western morality, as a compilation of interesting stories, poetry, and history, or as a work of great literature. Although this book discusses selected stories that have political implications, it also considers parts that have literary merit. This unusual volume may stimulate new thinking about the Bible as a source of insight into political ideas.

politics in the bible: Politics in the Bible Paul Abramson, 2017 The Bible is fundamental to Western culture. Political philosophers from Hobbes, Locke, Montesquieu, and Rousseau to modern political theorists such as George H. Sabine, Leo Strauss, and Sheldon S. Wolin have drawn upon biblical examples. ideas.--Provided by publisher.

politics in the bible: *Bible Politics* Steve D. Bracht, 2013-10-12 No one will ever be able to righteously defend the Republican Party, Tea Party Republicans or any other socially conservative political party with a bible, in regard to how they treat the vast majority of the people, including the most needy among us. Yet the overwhelming majority of those proclaiming to be Christian in America religiously get out in droves to vote for the Republicans, who continually work against serving the needs of the people. I've heard many Christians including pastors and bible teachers who talk as though Republicans represent Christian values and Democrats do not, but this is not biblically correct. This book sets the record straight. BIBLE POLITICS brings over 200 examples of bible scriptures which are very much in favor of the more socially liberal Democrats and contrary to popular belief, are much more against the politics of the conservative Republican and conservative Tea Party Republicans.

politics in the bible: Holy Politics: a Christian'S Guide to Political Discourse Nancy Smithson Summerlin, 2016-09-30 As the temperature of partisan rhetoric continues to rise across America, many politicians are waving Bibles and claiming that being a Christian is part of their political credentials. Holy Politics is an attempt to change the tone of debates and disagreements while bringing more integrity to the process by looking at what the Bible has to say about fear, anger, wealth, poverty, immigration, and political power. This book includes passages from scripture, along with citations that will help guide readers in their own search for answers. Holy Politics is useful for individual exploration, study groups, and Sunday school classes. Find out for yourself what scripture says about how we should discuss political issues. Its in the Bible. You can look it up.

politics in the bible: *Politics in the Hebrew Bible* Matthew B. Schwartz, Kalman J. Kaplan, 2013-09-05 We live in an age when it is not uncommon for politicians to invoke religious doctrine to

explain their beliefs and positions on everything from domestic to foreign policy. And yet, many of us would be hard pressed to pinpoint the exact source of these political beliefs in the religious texts that are said to have spawned them. In *Politics in the Hebrew Bible: God, Man, and Government*, Kalman J. Kaplan and Matthew B. Schwartz offer a genre-straddling examination of the political themes in the Jewish Bible. By studying the political implications of 42 biblical stories (organized into the categories Social Order, Government and Leadership, Domestic Relations, Societal Relations, Morale and Mission, and Foreign Policy), the authors seek to discern a cohesive political viewpoint embodied by the Jewish Bible. Throughout the text, the views put forth in the Jewish Bible are compared to those put forth by Greco-Roman philosophers in order to argue that the Bible offers a worldview that fosters a “high degree of creative individualism within a supportive non-chaotic and well-functioning society”. Kaplan and Schwartz are generous with their explanations of Greco-Roman philosophical concepts in the introductory chapters and with giving background information about the biblical stories engaged in the text.

politics in the bible: *The Politics of Faith* Jerry L. Sumney, 2020-09-01 *The Politics of Faith* addresses key biblical texts and their intersection with questions of good government, social policy, and societal leadership. It speaks to Christians and others who seek to ponder and discuss the role of faith and Bible in their decisions about civic politics and faithful citizenship. This book aims to enable readers to see more clearly that the Bible does speak about the kinds of economic and social policies a nation should adopt. It will empower them to claim the message of Scripture in favor of policies that promote the good of those who are disadvantaged and the good of the community. It will help them make the argument that the Bible calls for laws and policies that expect the wealthy to contribute to the good of all, including policies and laws that are not always to their personal financial advantage. The author explores ways the Old Testament shows God's concern for social structures, the ideal early church community in Acts, and how the Gospel of Matthew shows concern for social structures in the ministry of Jesus. The final section looks at the writings of Paul, showing how they demand certain kinds of political commitments. This book will help readers talk about how a deeper understanding of Scripture can affect how one votes and the kinds of policies one supports. Each chapter ends with a set of questions for discussion that both review what is in the chapter and provoke discussion about faithful action.

politics in the bible: The Bible in Politics Richard Bauckham, 1989-01-01 This enlightening book on how to read the Bible politically serves as a prerequisite to Christian political action. Richard Bauckham offers his interpretations of several Bible passage that are politically relevant, and discusses how reading the Bible in a political context can lead to fresh insights.

politics in the bible: Five Views on the Church and Politics J. Brian Benestad, Robert Benne, Bruce Fields, Thomas W. Heilke, James K.A. Smith, 2015-12-15 Learn to think deeply about the relationship between church and state in a way that goes beyond mere policy debates and current campaigns. Few topics can grab headlines and stir passions quite like politics, especially when the church is involved. Considering the attention that many Christian parachurch groups, churches, and individual believers give to politics--and of the varying and sometimes divergent political ideals and aims among them--*Five Views on the Church and Politics* provides a helpful breakdown of the possible Christian approaches to political involvement. General Editor Amy Black brings together five top-notch political theologians in the book, each representing one of the five key political traditions within Christianity: Anabaptist (Separationist: the most limited possible Christian involvement in politics) - represented by Thomas Heilke Lutheran (Paradoxical: strong separation of church and state) - represented by Robert Benne Black Church (Prophetic: the church's mission is to be a voice for communal reform) - represented by Bruce Fields Reformed (Transformationist: emphasizes God's sovereignty over all things, including churches and governments) - represented by James K. A. Smith Catholic (Synthetic: encouragement of political participation as a means to further the common good of all people) - represented by J. Brian Benestad Each author addresses his tradition's theological distinctives, the role of government, the place of individual Christian participation in government and politics, and how churches should (or should not) address political

questions. Responses by each contributor to opposing views will highlight key areas of difference and disagreement. Thorough and even-handed, *Five Views on the Church and Politics* will enable readers to consider the strengths and weaknesses of the most significant Christian views on political engagement and to draw their own, informed conclusions.

politics in the bible: *Power, Politics, and the Making of the Bible* Robert B. Coote, Mary P. Coote, 1990

politics in the bible: *Almighty Matters* Nicholas Berry, 1916 Annotation *Almighty Matters: God's Politics in the Bible* explores the underlying politics of the Hebrew and Christian Bibles by uncovering their political-theological connection in a single story line. The politics of the New Testament completes the politics of the Old. Although it has long been recognized that the Hebrew Bible prominently portrays the political development of God's Chosen People, the role of Jesus as a politician, the founder of a movement aimed from its beginning at subverting and capturing the Roman Empire, has not been recognized. Putting the Hebrew and Christian Bibles' political approach foremost shows why so much of it is hidden and why, until recently, Jewish-Christian relations have been contrary to God's design. In *Almighty Matters*, Dr. Berry, an accomplished political scientist with ecumenical sensibilities and a strong understanding of the Bible, reveals a political-theological strain in the Bible that runs throughout, with Jesus as the divine politician who pulls it all together. *Almighty Matters* offers Christians a chance to deepen their faith by deepening their understanding of the Biblical narrative.--Christopher Dreisbach, Professor of Moral and Systematic Theology, The Ecumenical Institute of Theology, St. Mary's Seminary & University *Almighty Matters* is a lively, controversial, reading of the Bible as the record of a unified project to institute 'God's politics' on earth, from the failure of ancient Israelites to establish a powerful and enduring kingdom in the Promised Land to the success of Jesus in starting a universal religious movement that eventually replaced the Roman Empire. ... His experience and expertise in international politics invest his interpretive speculations with insight and authority. --David L. Weddle, Professor Emeritus of Religion, The Colorado College This book evaluates Biblical teachings and history from a strictly political angle. The reader may miss many standard religious comments but will find many other surprising and illuminating ones that will challenge some assumptions and broaden perspectives. --Bill Shepard, Author of *Introducing Islam* Professor Berry gives his readers a fast-paced and fascinating romp through the Hebrew and Christian scriptures unlike any they have read before. After establishing a reputation as a scholar of international relations, which included being awarded a Fulbright fellowship, Berry turns his attention to the Bible, which he views as 'politics of the first order.' His analysis reaches conclusions that will challenge the readers' understanding of the Bible. --William Akin, Professor of History Emeritus, Ursinus College Nicholas Berry is Professor of Politics Emeritus at Ursinus College, a former Fulbright Scholar at the University of Auckland in New Zealand, author of five books and co-author of a best-selling international relations textbook, and now directs the Foreign Policy Forum Website. In practical politics, he is a former two-term mayor of Mt. Vernon, Iowa, and served as Democratic Party chairman in Lynchburg, Virginia, and Annapolis, Maryland.

politics in the bible: *The Bible in Politics* Richard Bauckham, 2011-01-01 This second edition of Bauckham's wonderful work is essential reading for understanding the relationship between the Bible and politics. The enduring value of *The Bible in Politics* is that it teaches the reader how to read the Bible politically and to gain an understanding of the social relevance of the Bible that is more disciplined, more informed, more imaginative, and more politically fruitful than many interpreters--past and present--have achieved.

politics in the bible: *Kingdom Politics* Tony Evans, 2022-07-05 Christians love to talk about politics, but the current conversation is full of contentious words that divide our churches and families. Dr. Tony Evans takes a step back to find foundational Bible principles for integrating politics into our daily lives. He challenges readers to incorporate all of Scripture when addressing divisive issues, forcing us to look at political issues we've neglected. Learn to speak with grace when you disagree with family and friends. Maintain your political affiliations without causing divisions in

your church. Take sides on moral issues while demonstrating the compassion and love of Jesus Christ. Kingdom Politics offers a biblical path through one of the most divisive issues of our time.

politics in the bible: *The Bible in American Law, Politics, and Political Rhetoric* James Turner Johnson, 1985

politics in the bible: *Almighty Matters* Nicholas Berry, 2016-01-01 Almighty Matters: God's Politics in the Bible explores the underlying politics of the Hebrew and Christian Bibles by uncovering their political-theological connection in a single story line. The politics of the New Testament completes the politics of the Old. Although it has long been recognized that the Hebrew Bible prominently portrays the political development of God's Chosen People, the role of Jesus as a politician, the founder of a movement aimed from its beginning at subverting and capturing the Roman Empire, has not been recognized. Putting the Hebrew and Christian Bibles' political approach foremost shows why so much of it is hidden and why, until recently, Jewish-Christian relations have been contrary to God's design.

politics in the bible: The Beginning of Politics Moshe Halbertal, Stephen Holmes, 2019-06-18 The Book of Samuel is universally acknowledged as one of the supreme achievements of biblical literature. Yet the book's anonymous author was more than an inspired storyteller. The author was also an uncannily astute observer of political life and the moral compromises and contradictions that the struggle for power inevitably entails. The Beginning of Politics mines the story of Israel's first two kings to unearth a natural history of power, providing a forceful new reading of what is arguably the first and greatest work of Western political thought. Moshe Halbertal and Stephen Holmes show how the beautifully crafted narratives of Saul and David cut to the core of politics, exploring themes that resonate wherever political power is at stake. Through stories such as Saul's madness, David's murder of Uriah, the rape of Tamar, and the rebellion of Absalom, the book's author deepens our understanding not only of the necessity of sovereign rule but also of its costs--to the people it is intended to protect and to those who wield it. What emerges from the meticulous analysis of these narratives includes such themes as the corrosive grip of power on those who hold and compete for power; the ways in which political violence unleashed by the sovereign on his own subjects is rooted in the paranoia of the isolated ruler and the deniability fostered by hierarchical action through proxies; and the intensity with which the tragic conflict between political loyalty and family loyalty explodes when the ruler's bloodline is made into the guarantor of the all-important continuity of sovereign power.--

politics in the bible: *Politics and Theopolitics in the Bible and Postbiblical Literature* Henning Graf Reventlow, Yair Hoffman, Benjamin Uffenheimer, 1994-03-01 This volume contains papers from the third symposium held by the University of Tel Aviv, Israel, and the Ruhr University, Bochum, Germany, with the aim of furthering dialogue between Jewish and Christian biblical scholars. The papers examine the ways in which political issues and events are reflected in the Bible and in the postbiblical literature, the term 'theopolitics' expressing the conviction of both communities that the politics of human life have always been and continue to be subject to the rule and providence of God. The hope of the symposium is that through examination of the ways in which Jews and Christians have reflected upon political and ethical theories there may arise new possibilities for better mutual understanding.

politics in the bible: Library of Congress Subject Headings Library of Congress, Library of Congress. Subject Cataloging Division, Library of Congress. Office for Subject Cataloging Policy, 2013

politics in the bible: The Ballot and the Bible Kaitlyn Schiess, 2023-08-22 Pursue a Biblical Basis for Your Political Engagement How do Bible passages written thousands of years ago apply to politics today? What can we learn from America's history of using the Bible in politics? How can we converse with people whose views differ from our own? In The Ballot and the Bible, Kaitlyn Schiess explores these questions and more. She unpacks examples of how Americans have connected the Bible to politics in the past, highlighting times it was applied well and times it was egregiously misused. Schiess combines American political history and biblical interpretation to help readers ●

faithfully read Scripture ● talk with others about it ● apply it to contemporary political issues--and to their lives □ A nuanced look at America's legacy of scriptural language.--Publishers Weekly
