sweet sue and her society syncopators: Play the Way You Feel Kevin Whitehead, 2020-04-01 Jazz stories have been entwined with cinema since the inception of jazz film genre in the 1920s, giving us origin tales and biopics, spectacles and low-budget quickies, comedies, musicals, and dramas, and stories of improvisers and composers at work. And the jazz film has seen a resurgence in recent years--from biopics like *Miles Ahead* and HBO's *Bessie*, to dramas *Whiplash* and *La La Land*. In *Play the Way You Feel*, author and jazz critic Kevin Whitehead offers a comprehensive guide to these films and other media from the perspective of the music itself. Spanning 93 years of film history, the book looks closely at movies, cartoons, and a few TV shows that tell jazz stories, from early talkies to modern times, with an eye to narrative conventions and common story points. Examining the ways historical films have painted a clear picture of the past or overtly distorted history, *Play the Way You Feel* serves up capsule discussions of sundry topics including Duke Ellington's social life at the Cotton Club, avant-garde musical practices in 1930s vaudeville, and Martin Scorsese's improvisatory method on the set of *New York, New York*. Throughout the book, Whitehead brings the same analytical bent and concise, witty language listeners know from his jazz segments on NPR's *Fresh Air* with Terry Gross. He investigates

well-known songs, traces the development of the stock jazz film ending, and offers fresh, often revisionist takes on works by such directors as Howard Hawks, John Cassavetes, Shirley Clarke, Francis Ford Coppola, Clint Eastwood, Spike Lee, Robert Altman, Woody Allen and Damien Chazelle. In all, *Play the Way You Feel* is a feast for film-genre fanatics and movie-watching jazz enthusiasts.

sweet sue and her society syncopators: *Smart Chicks on Screen* Laura Mattoon D'Amore, 2014-09-08 While women have long been featured in leading roles in film and television, the intellectual depictions of female characters in these mediums are out of line with reality. Women continue to be marginalized for their choices, overshadowed by men, and judged by their bodies. In fact, the intelligence of women is rarely the focus of television or film narratives, and on the rare occasion when smart women are showcased, their portrayals are undermined by socially awkward behavior or their intimate relationships are doomed to perpetual failure. While Hollywood claims to offer a different, more evolved look at women, these movies and shows often just repackage old character types that still downplay the intelligence and savvy of women. In *Smart Chicks on Screen: Representing Women's Intellect in Film and Television*, Laura Mattoon D'Amore brings together an impressive array of scholarship that interrogates the portrayal of females on television and in movies. Among the questions that the volume seeks to answer are: In what ways are women in film and television limited, or ostracized, by their intelligence? How do female roles reinforce standards of beauty, submissiveness, and silence over intellect, problem solving, and leadership? Are there women in film and television who are intelligent without also being objectified? The thirteen essays by international, interdisciplinary scholars offer a wide range of perspectives, examining the connections—and disconnections—between beauty and brains in film and television. *Smart Chicks on Screen* will be of interest to scholars not only of film and television but of women's studies, reception studies, and cultural history, as well.

From a humorous account of Wilder's stint as a hired dancing companion in a posh Berlin hotel and his dispatches from the international film scene, to his astute profiles of writers, performers, and political figures, the collection offers fresh insights into the creative mind of one of Hollywood's most revered writer-directors. Wilder's early writings—a heady mix of cultural essays, interviews, and reviews—contain the same sparkling wit and intelligence as his later Hollywood screenplays, while also casting light into the dark corners of Vienna and Berlin between the wars. Wilder covered everything: big-city sensations, jazz performances, film and theater openings, dance, photography, and all manner of mass entertainment. And he wrote about the most colorful figures of the day, including Charlie Chaplin, Cornelius Vanderbilt, the Prince of Wales, actor Adolphe Menjou, director

Erich von Stroheim, and the Tiller Girls dance troupe. Film historian Noah Isenberg's introduction and commentary place Wilder's pieces—brilliantly translated by Shelley Frisch—in historical and biographical context, and rare photos capture Wilder and his circle during these formative years. Filled with rich reportage and personal musings, *Billy Wilder on Assignment* showcases the burgeoning voice of a young journalist who would go on to become a great auteur.

sweet sue and her society syncopators: *Before the Parade Passes By* John Anthony Gilvey, 2005-11-01 A biography of the Tony Award-winning director-choreographer from Broadway's Golden Age. "Packed with detail, anecdotes and insight, this look at director-choreographer Champion's work leaves no step unturned.... Gilvey reaches the top shelf of high-kicking Broadway biographies." —Kirkus Reviews (starred review) During the Golden Age of the Broadway musical, few director-choreographers could infuse a new musical with dance and movement in quite the way Gower Champion could. From his earliest Broadway success with *Bye Bye Birdie* to his triumphant and bittersweet valedictory, *42nd Street*, musicals directed by Champion filled the proscenium with life. At their best, they touched the heart and stirred the soul with a skillful blend of elegance and American showmanship. He began his career as one-half of "America's Youngest Dance Team" with Jeanne Tyler and later teamed with his wife, dance partner, and longtime collaborator, Marge Champion. This romantic ballroom duo danced across America in the smartest clubs and onto the television screen, performing story dances that captivated the country. They ultimately took their talent to Hollywood, where they starred in the 1951 remake of *Show Boat*, *Lovely to Look At*, and other films. But Broadway always called to Champion, and in 1959 he was tapped to direct *Bye Bye*

Birdie. The rest is history. In shows like Birdie, Carnival, Hello, Dolly!, I Do! I Do!, Sugar, and 42nd Street, luminaries such as Chita Rivera, Dick Van Dyke, Carol Channing, Mary Martin, Robert Preston, Tony Roberts, Robert Morse, Tammy Grimes, and Jerry Orbach brought Champion's creative vision to life. Working with composers and writers like Jerry Herman, Michael Stewart, Charles Strouse, Lee Adams, and Bob Merrill, he streamlined the musical making it flow effortlessly with song and dance from start to finish. Author John Gilvey has spoken with many of the people who worked with Champion, and in *Before the Parade Passes By* he tells the life story of this most American of Broadway musical director-choreographers from his early days dancing with Marge to his final days spent meticulously honing the visual magic of 42nd Street. This book is the life story of one man who personified the glory of the Broadway musical right up until the moment of his untimely death. When the curtain fell to thunderous applause on the opening night of 42nd Street, August 25, 1980, legendary impresario David Merrick came forward, silenced the audience, and announced that Champion had died that morning. As eminent theatre critic Ethan Mordden has firmly put it, "the Golden Age was over." Though the Golden Age of the Broadway musical is over, John Gilvey brings it to life again by telling the story of Gower Champion, one of its most passionate and creative legends.

sweet sue and her society syncopators: Leidenschaft Filmmusik Claudia Hartling, Susanne Vollberg, 2024-01-25 Wer die Filmmusiktage Sachsen-Anhalt kennt, kann sich Filmmusik ohne Leidenschaft gar nicht vorstellen. Filmmusik wird mit Leidenschaft produziert, mit Leidenschaft rezipiert und mit Leidenschaft diskutiert. Dabei können die Zugänge, sich intensiv mit Filmmusik auseinanderzusetzen, ganz verschieden sein und, je nach Fachdisziplin, sehr unterschiedliche Fragestellungen in den Blick nehmen. Welche Rolle spielt Filmmusik in der Lebenszeitperspektive? Wie wird Musik/Musizieren im Film inszeniert? Und – historisch gesehen – welche Rolle spielten Twist und Walzer in Spielfilmen? Der fünfte Band der Reihe widmet sich in vier verschiedenen Schwerpunkten dem Verhältnis von Musik, Film und persönlicher Lebensgeschichte. In einem bunten interdisziplinären Kaleidoskop vereint der Band Überlegungen von Wissenschaftler:innen und Praktiker:innen zum Einsatz von Musik in Filmen wie *Some like it Hot*, *Elvis*, *Harold and Maude* oder *Dirty Dancing*, in Serien wie *Chernobyl* oder *Der gleiche Himmel*, in Werken von Regisseuren wie Quentin Tarantino, Jim Jarmusch oder Alfred Hitchcock. Dabei geht es nicht nur um wissenschaftliche Analysen, sondern ebenso um die Perspektive der Praxis und die Frage, wie ein produktiver Austausch zwischen Forschung und Praxis gelingen kann. Spannend ist dies auch für die (oft leidenschaftliche) Auseinandersetzung und Vermittlung von Filmmusik in Schule und Universität.

sweet sue and her society syncopators: *Some Like It Hot* Steven Cohan, 2025-05-01 Billy Wilder's classic screwball comedy *Some Like it Hot* (1959), starring Jack Lemmon, Tony Curtis and Marilyn Monroe, tells the story of two struggling Jazz musicians who accidentally witness a mob massacre in Chicago who then, disguised as women, join a female band to escape the gangsters' pursuit. Despite the film's popular reception, with Academy Award nominations for Wilder and star Jack Lemmon, the film gained notoriety for its crossdressing plot and gender-bending comedy. Steven Cohan's study of the film disentangles its production history and subsequent notoriety from the film itself, reconsidering the ways in which it playfully challenged generic and gender conventions of the 1950s. He provides an in depth analysis of the film's near perfect comedic structure, Wilder's aesthetic choices and self-reflexive star performances by Curtis, Lemmon and Monroe. He goes on to consider the film's queerness, as well as its promotion and reception in 1959. Contextualizing the film within its contemporary moment, he argues its textual richness, one that allows it to be viewed differently across generations, securing its lasting influence in popular culture.

sweet sue and her society syncopators: *The Gift of Beauty and the Passion of Being* William Desmond, 2018-07-06 This book gathers a set of reflections on the gift of beauty and the passion of being. There is something surprising about beauty that we receive and that moves the passion of being in us. The book takes issue with an ambiguous attitude to beauty among some who proclaim

their advanced aesthetic authenticity. Beauty seems bland and lacks the more visceral thrill of the ugly, indeed the excremental. We crave what disrupts and provokes us, not what gives delight or even consoles. By contrast, attention is given to how beauty arouses enigmatic joy in us, and we enjoy an elemental rapport with it as other. Surprised by beauty, our breath is taken away, but we are more truly there with the beautiful when we are taken outside of ourselves. We are first receivers of the gift of surprise and only then perceivers and conceivers. My attention to the passion of being stresses a patience, a receptivity to what is other. What happens is not first our construction. There is something given, something awakening, something delighting, something energizing, something of invitation to transcendence. The theme is amplified in diverse reflections: on life and its transient beauty; on soul music and its relation to self; on the shine on things given in creation; on beauty and Schopenhauer's dark origin; on creativity and the dynamis in Paul Weiss's creative ventures; on redemption in Romanticism in the thought of Stanley Cavell; on theater as a between or metaxu; on redeeming laughter and its connection with the passion of being.

sweet sue and her society syncopators: Ladies Or Gentlemen Jean-Louis Ginibre, 2005 From Greek drama through vaudeville and modern cinema, nothing in the theatrical experience has ever guaranteed a laugh like a man in a dress. This spectacular pictorial history examines the grand tradition of male cross-dressing in the movies through more than 700 photos, more than half of which are previously unpublished. The screen's greatest stars, from comedians like Buster Keaton and Peter Sellers to serious actors like Marlon Brando and Max von Sydow, are pictured in everything from bustiers to ball gowns. Just as in real life, the cinematic motives for cross-dressing are complex, ranging from plot device (*I Was a Male War Bride*) and social commentary (*Tootsie*) to the simple sight gags of Laurel and Hardy. The book explores these and myriad other reasons actors are coaxed out of dress suits and into dresses. By turns provocative, serious, and silly, *Ladies or Gentlemen* is a delightful study of a seldom-explored facet of cinema history.

sweet sue and her society syncopators: **Classical Storytelling and Contemporary Screenwriting** Brian Price, 2017-12-14 Since we first arrived on the planet, we've been telling each other stories, whether of that morning's great saber-tooth tiger hunt or the latest installment of the Star Wars saga. And throughout our history, despite differences of geography or culture, we've been telling those stories in essentially the same way. Why? Because there is a RIGHT way to tell a story, one built into our very DNA. In his seminal work *Poetics*, Aristotle identified the patterns and recurring elements that existed in the successful dramas of his time as he explored precisely why we tell stories, what makes a good one, and how to best tell them. In *Classical Storytelling and Contemporary Screenwriting*, Brian Price examines Aristotle's conclusions in an entertaining and accessible way and then applies those guiding principles to the most modern of storytelling mediums, going from idea to story to structure to outline to final pages and beyond, covering every relevant screenwriting topic along the way. The result is a fresh new approach to the craft of screenwriting—one that's only been around a scant 2,500 years or so—ideal for students and aspiring screenwriters who want a comprehensive step-by-step guide to writing a successful screenplay the way the pros do it.

sweet sue and her society syncopators: *Some Like It Wilder* Gene D. Phillips, 2010-02-05 A biography of the six-time Oscar-winning director of films like *Some Like It Hot* and *Double Indemnity*, featuring analysis of his work. Although his career spanned fifty years and included more than fifty films, Austrian-American film director Billy Wilder (1906-2002) may be best known for the legendary shot of Marilyn Monroe's dress billowing over a subway grating in *The Seven Year Itch* (1955). This "shot seen round the world" is representative not only of Hollywood's golden era of cinema but also of one of its most prolific and brilliant directors. Wilder, whose filmography includes such classics as *Sunset Boulevard* (1950), *Sabrina* (1954), *Witness for the Prosecution* (1957), and *Some Like It Hot* (1959), is often remembered for his versatility, biting wit, and passion for challenging social and moral conventions. Author Gene D. Phillips departs from the traditional biography in *Some Like It Wilder*, offering new insights into the acclaimed director's professional and private life. In preparation for the book, Phillips conducted personal interviews with Wilder and other key players from the legendary director's life and times. Phillips's unique combination of analysis and biographical detail brings Wilder to life, as both an artist and man. Phillips traces Wilder's path from Berlin, where he worked as a scriptwriter for one of the city's largest studios, to Hollywood, where he would quickly establish himself as a premier film director. Forming a partnership with writer-producer Charles Brackett, Wilder directed the classic films *Five Graves to Cairo* (1943), *Double Indemnity* (1945), and *The Lost Weekend* (1945), which earned Academy Awards for best picture, best director, and best screenplay. During the 1960s, Wilder continued to direct and produce controversial comedies, including *Kiss Me Stupid* (1964) and *The Apartment* (1960). *The Apartment* brought Wilder another round of Oscars for best picture, best director, and best screenplay. Wilder's maverick approach and independent artistic vision pushed boundaries and ensured his legacy as one of the Hollywood greats. Sharply written, *Some Like It Wilder* serves as a comprehensive companion to Wilder's films, offering a personalized and heartfelt account of the life and genius of this compelling director. Praise for *Some Like It Wilder* "Featuring Gene D. Phillips' unique, in-depth critical approach, *Some Like It Wilder* . . . provides a groundbreaking overview of a filmmaking icon . . . This definitive biography reveals that Wilder was, and remains, one of the most influential directors in filmmaking." —Turner Classic Movies "[Phillips] goes beyond the surface and deep into the complex mind and soul of the famous film director . . . This book is, in my view, definitive." —Vincent LoBrutto, author of *Martin Scorsese: A Biography*
