teacher poems to teachers: *Teaching with Heart* Sam M. Intrator, Megan Scribner, 2014-05-19 Each and every day teachers show up in their classrooms with a relentless sense of optimism. Despite the complicated challenges of schools, they come to and remain in the profession inspired by a conviction that through education they can move individuals and society to a more promising future. In *Teaching with Heart: Poetry that Speaks to the Courage to Teach* a diverse group of ninety teachers describe the complex of emotions and experiences of the teaching life – joy, outrage, heartbreak, hope, commitment and dedication. Each heartfelt commentary is paired with a cherished poem selected by the teacher. The contributors represent a broad array of educators: K-12 teachers, principals, superintendents, college professors, as well as many non-traditional teachers. They range from first year teachers to mid-career veterans to those who have retired after decades in the classroom. They come from inner-city, suburban, charter and private schools. The teachers identified an eclectic collection of poems and poets from Emily Dickinson, to Richard Wright, to Mary Oliver to the rapper Tupac Shakur. It is a book by teachers and for all who teach. The book also includes a poignant Foreword by Parker J. Palmer (*The Courage to Teach*), a stirring Introduction by Taylor Mali (*What Teachers Make*), and a moving Afterword by Sarah Brown Wessling (*Teaching Channel*). Where *Teaching with Fire* honored and celebrated the work of teachers; *Teaching with Heart* salutes the tenacious and relentless optimism of teachers and their belief that despite the many challenges and obstacles of the teaching life, much is possible.

teacher poems to teachers: Teaching with Fire Sam M. Intrator, Megan Scribner, 2003-10-10 Reclaim Your Fire Teaching with Fire is a glorious collection of the poetry that has restored the faith of teachers in the highest, most transcendent values of their work with children....Those who want us to believe that teaching is a technocratic and robotic skill devoid of art or joy or beauty need to read this powerful collection. So, for that matter, do we all. ?Jonathan Kozol, author of *Amazing Grace* and *Savage Inequalities* When reasoned argument fails, poetry helps us make sense of life. A few well-chosen images, the spinning together of words creates a way of seeing where we came from and lights up possibilities for where we might be going....Dip in, read, and ponder; share with others. It's inspiration in the very best sense. ?Deborah Meier, co-principal of The Mission Hill School, Boston and founder of a network of schools in East Harlem, New York In the Confucian tradition it is said that the mark of a golden era is that children are the most important members of the society and teaching is the most revered profession. Our journey to that ideal may be a long one, but it is books like this that will sustain us - for who are we all at our best save teachers, and who matters more to us than the children? ?Peter M. Senge, founding chair, SoL (Society for Organizational Learning) and author of *The Fifth Discipline* Those of us who care about the young and their education must find ways to remember what teaching and learning are really about. We must find ways to keep our hearts alive as we serve our students. Poetry has the power to keep us vital and focused on what really matters in life and in schooling. *Teaching with Fire* is a wonderful collection of eighty-eight poems from such well-loved poets as Walt Whitman, Langston Hughes, Billy Collins, Emily Dickinson, and Pablo Neruda. Each of these evocative poems is accompanied by a brief story from a teacher explaining the significance of the poem in his or her life's work. This beautiful book also includes an essay that describes how poetry can be used to grow both personally and professionally. *Teaching With Fire* was written in partnership with the Center for Teacher Formation and the Bill & Melinda Gates Foundation. Royalties from this book will be used to fund scholarship opportunities for teachers to grow and learn.

teacher poems to teachers: Poetry for Teachers Brian Taylor, 2021-05-04 There's a poet inside every person but it needs to be encouraged and nourished. Poetry can be expressed in a variety of ways. You notice it right away in a variety of music genres. For the high achieving student or troubled student, poetry can bring the best features in a child. I encourage all teachers to have their students write their own poems and share them aloud. You will build camaraderie in your classroom, and your students will have a new appreciation for writing.

teacher poems to teachers: So You Want to be a Teacher? David Paulowski, 1996

teacher poems to teachers: Final Exam J. Barry Koops, 2019-12-15 It started with a poem torn out of *The New Yorker*, says J. Barry Koops of this collection of poems. It was the voice in the poem that snagged my attention. In the 85 poems that Koops eventually chose sometimes I recognize the math teacher across the hall; a colleague whose passing I mourn; a professor whose fingerprints are all over my life; a student who, I recognize, will do what I cannot; a classmate remembered over decades, who said what I was thinking; a joke or a jest like an arrow. Koops predicts that in the four sections you will hear something like threads of conversations, voices responding to one another, objecting, refuting, reflecting. *Final Exam* lifts a glass to memorable teachers and mentors and toasts the schools we remember with nostalgia and regret. Koops offers this book as a tribute to teachers and professors who chose a life of significance, a life that made a difference-the teaching life.

teacher poems to teachers: *Drafting and Assessing Poetry* Sue Dymoke, 2003-01-28 'This excellent book provides the reader with comprehensive coverage of all aspect of poetry teaching. The book does more than inform us - it inspires profound reflection on the best ways it support poetry writing and draws us into the debate about assessment-driven curriculum' - School Librarian 'A must for trainee teachers and English departments' - Booktrusted News 'Drafting and Assessing Poetry is thoroughly researched and shows how attitudes towards teaching of poetry and indeed the place of poetry on the syllabus, has changed with political fashion over the years, but more importantly, Sue Dymoke shows how a handful of contemporary poets go about drafting their work and sees this process as an essential tool in the classroom, advocating that students should keep drafting notebooks, just like real writers. Getting students, or indeed members of writing groups, to understand that one draft of a poem may not be the final or best work they can produce will never be a problem again!' - Writing in Education 'Sue Dymoke's book is a much needed antidote to the ubiquitous guides to poetry analysis.... This book is well worth reading for its clarity and wealth of ideas' - Bethan Marshall, TES Teacher Magazine 'Every English department should buy this remarkably comprehensive book. Inspiring approaches for teaching children to write poetry are clearly described. Sue Dymoke draws upon her extensive experience as a poet, English teacher and researcher to explore the place of writing poetry in English lessons and examinations. Her unique insights into both the writing and teaching of poetry should prove invaluable to English teachers' - Dr Mark Pike, Lecturer in English Education and Head of PGCE English, University of Leeds 'It is a useful book: a theoretical text, but with a practical focus, which makes it very readable and interesting, to teachers of young people particularly, but also, to teachers of adults and indeed in parts to poetry writers themselves, particularly those interested in working in schools, or simply curious about the general process of drafting and evaluating poetry' - County Lit, Nottinghamshire County Council Literature Newsletter *Drafting and Assessing Poetry* offers a range of teaching strategies for developing students' poetry writing skills, and guidance about assessment approaches. Critical commentaries combine with illustrations of successful classroom practice to consider this essential but under-explored aspect of English teaching. Based on theory but with a practical dimension, the book engages readers in current critical debates about poetry teaching and its place in an assessment- driven curriculum. This book is for reflective practitioners, including trainee

teachers, who want to develop their understanding of poetry teaching and to gain insights, which will inform classroom practice. It will also be useful for literacy co-ordinators, teacher educators and other advisory staff in the field of English teaching.
