Jim's insights have been gleaned from a huge variety of personal interactions and straightforward (yet surprising) exegesis of biblical accounts of evangelism. Entertaining and intensely practical, Taking Men Alive is an inspiring evangelistic meditation and a powerful handbook for determining what spiritual state your neighbor is in and how you should approach taking his heart for the Lord Jesus Christ. teacher gifts for men: *Book 9 Prophets HC* Kurt Jurgensmeier, 2012-08-22 Is God still giving revelation today? That question is at the heart of the claims of the largest theological movement of Christianity since the Reformation, charismaticism. And the foundation of their position is that the gift of prophecy is still operating today. This book is a detailed study of the gift and it defends the following: * Modern claims to prophecy are one of the most widespread and dangerous frauds in Christianity. * Real biblical Prophets spoke divinely authoritative revelation, and always predicted the future with perfect accuracy in order to authenticate themselves. * Modern so-called prophets either make mistaken predictions, or claim they don't even need to try. * There was no difference between the authority and purpose of OT Jewish Prophets like Jeremiah and NT Christian Prophets like Agabus. * The Church universally testified that the gift of prophecy ceased by the third century. * God really hates modern false claims to be speaking for Him.
