Overview of the TEAS Exam

The Test of Essential Academic Skills (TEAS) is a standardized assessment designed to evaluate the academic preparedness of candidates applying to nursing and allied health programs. Administered by ATI Testing, the TEAS exam assesses four core subjects: Reading, Mathematics, Science, and English and Language Usage. The 2023 version of the exam maintains rigorous standards to ensure that prospective students possess the foundational knowledge necessary for success in healthcare education. Understanding the exam's format, timing, and scoring criteria is crucial for effective preparation.

Structure and Format of the TEAS

The TEAS exam consists of 170 multiple-choice questions, divided into four sections. Test-takers are allotted a total of approximately 209 minutes to complete the exam. The distribution of questions is as follows:

- Reading: 53 questions
- Mathematics: 36 questions

- Science: 53 questions
- English and Language Usage: 28 questions

Each section tests specific competencies, such as comprehension skills in reading, arithmetic and algebra in math, human anatomy and physiology in science, and grammar and punctuation in English. Familiarity with this structure helps candidates allocate study time efficiently.
