who did mattie cheat on bella with: Miracle from the Mountain Mary Katherine Arensberg,

2008-09-04 As legends go, it was one of the best, a Pawqua medicine woman, a sacred black panther and an orphaned girl all meet one fateful night deep in the hollows of the Ozark Mountains. Myths, magic, life, death, love and loss intertwine. Was Hazel a witch or a miracle worker? Miracle from the Mountain is a love story of a different kind. Hazel is a kind, loving character, but with a strong mind and body. The author has a talent for characterization. Even the secondary characters are well developed. The plot is fascinating. It captured my attention from the first page and held it to the last. 4 out of 5 star rating Readers Favorite Review 05/09/2010 I just loved this book!
