Historical Background of the Watchtower Society

The Watchtower Society was established in the late 19th century and has since grown into a global religious organization. The origins of the society date back to 1879 when Charles Taze Russell founded the Zion's Watch Tower Tract Society, which later became the Watch Tower Bible and Tract Society. Initially, the society focused on publishing religious literature to promote Bible study and the teachings of Jehovah's Witnesses. Over time, it evolved into the central organizational body responsible for coordinating missionary work, doctrinal education, and administrative functions worldwide. Understanding the history provides context for how leadership roles developed and how control over the society has shifted throughout the decades.

Organizational Structure and Governance

The Watchtower Society operates under a highly organized governance system designed to maintain doctrinal unity and operational efficiency. This structure is hierarchical and includes several key components that ensure the society functions cohesively across different countries and cultures. Governance is carried out through legally established corporations, local congregations, and

international branches, all working under the guidance of centralized leadership. The organizational framework supports the society's extensive publishing efforts, educational programs, and missionary activities worldwide.

Legal Corporate Entities

The Watchtower Society is legally composed of multiple corporate entities, including the Watch Tower Bible and Tract Society of Pennsylvania and other subsidiaries. These corporations handle administrative tasks, property management, publishing rights, and other business-related activities. This legal structure allows the society to operate effectively on a global scale while maintaining control over its intellectual and physical assets.

Local Congregations and Branch Offices

Below the central leadership, numerous local congregations and branch offices implement the directives issued by the society. Each branch office manages regional activities, oversees congregations, and facilitates the distribution of literature. This multilevel structure allows for efficient communication and the enforcement of policies determined by the top leadership.

The Role of the Governing Body

The Governing Body is the primary decision-making group within the Watchtower Society and holds ultimate authority over doctrinal, organizational, and administrative matters. Composed of a select group of experienced elders, the Governing Body is responsible for interpreting scripture, setting theological directions, and guiding the overall mission of Jehovah's Witnesses. Their decisions significantly influence how the society operates and how its members practice their faith.

Composition and Selection

Members of the Governing Body are typically chosen based on their spiritual maturity, experience within the organization, and dedication to the society's teachings. The body usually consists of a small number of elders who work collectively rather than individually. New members are appointed internally, and the group maintains a high level of confidentiality regarding its deliberations and decision-making processes.

Functions and Responsibilities

The Governing Body's responsibilities include:

- Determining doctrinal interpretations and theological teachings.
- Overseeing the production of literature and educational materials.
- Directing missionary and evangelistic efforts worldwide.

- Managing organizational policies and internal discipline.
- Coordinating the activities of branch offices and congregations.

Key Leadership Positions and Responsibilities

Besides the Governing Body, the Watchtower Society features other important leadership roles that contribute to its governance. These include branch overseers, circuit overseers, and congregation elders. Each position carries distinct duties that support the society's mission and maintain organizational order.

Branch Overseers

Branch overseers supervise the activities of regional branch offices and ensure that policies from the Governing Body are implemented effectively. They provide support and training to local congregations and coordinate with other leaders to facilitate smooth operations.

Circuit Overseers

Circuit overseers travel between congregations within specific geographic regions to provide guidance, encouragement, and evaluation. They report back to branch offices and the Governing Body on the spiritual health and administrative compliance of the congregations they visit.

Congregation Elders

At the local level, elders are responsible for teaching, pastoral care, and maintaining discipline within congregations. They function under the direction of higher leadership and help ensure that members adhere to the society's doctrines and practices.

Decision-Making Process Within the Society

Decisions within the Watchtower Society, particularly those related to doctrine and policy, are centralized and carefully deliberated by the Governing Body. This process emphasizes unity, spiritual guidance, and consistency in teachings.

Collective Deliberation

The Governing Body operates through collective decision-making, where members discuss and review scriptural interpretations and organizational needs before reaching consensus. This method aims to reflect what the body believes is God's will and the best path for the society.

Implementation and Communication

Once decisions are finalized, directives are communicated down the organizational hierarchy. Branch offices and local leaders then implement these instructions, ensuring that members worldwide receive consistent messages and guidance.

Influence and Control Over Doctrinal Teachings

The Watchtower Society's leadership wields substantial influence over the religious teachings and practices of Jehovah's Witnesses. The Governing Body's interpretations of the Bible shape the faith's doctrines, ethical standards, and worship practices. This centralized control ensures uniformity but has also been subject to scrutiny and debate.

Publishing and Literature

One of the primary ways the society exerts doctrinal control is through its extensive publishing program. Books, magazines, and other literature produced by the Watchtower Society convey the official interpretations and guidelines that members are expected to follow.

Educational Programs

The society also conducts educational programs such as meetings, conventions, and training sessions, all overseen by the leadership. These forums reinforce the approved teachings and foster a cohesive community among Jehovah's Witnesses worldwide.

Common Misconceptions About Leadership

There are several misconceptions regarding who really runs the Watchtower Society, often stemming from misunderstandings about its structure and leadership transparency. Clarifying these misconceptions helps provide a more accurate picture of the society's governance.

- **Myth:** A single individual controls the entire organization.
- **Fact:** Leadership is collective and vested primarily in the Governing Body rather than any one person.
- **Myth:** The leadership is democratically elected by all members.
- **Fact:** The Governing Body appoints its own members internally without a general membership vote.

who really runs the watchtower society: Another Jesus, a Different Spirit, a Different Gospel Steven H. Propp, 2011-12-13 Its the Christmas season the most wonderful time of the year for most people in River City, California. But for Jehovahs Witnesses Lawrence and Brad, its a time for them to try to explain the truth about this holiday season to the people of the community. Their earnest efforts may earn them ridicule, disagreement, or a door slammed rudely in their faces, but they persist and are sometimes able to find a mind and heart receptive to their urgent message about Jehovahs coming Kingdom. Whereas for Elders Skousen and Marshall two Latter-day Saint (Mormon) missionaries the season is another opportunity to share their Churchs distinctive interpretation of the Christian gospel; but their efforts are often rebuffed, as well. In the course of their work, these two

pairs of men engage in dialogue with traditional Christians, as well as members of the Church of Christ; the Community of Christ (RLDS); Seventh-day Adventists; and Oneness Pentecostals not to mention skeptics, atheists, and the increasing numbers of people who lack any particular religious beliefs. But when a local church brings in a researcher to give a series of lectures on Cults and specifically targeting the Jehovah's Witnesses and Mormons a confrontation is ensured, where theological and biblical concepts collide in a public forum. Who, if anyone, really has the Truth? Can one still discover the true meaning of Christmas in the midst of passionate disagreements over the validity of the holiday season? Are objections raised about the secularization and rampant commercialism of the modern celebration valid? Spend a holiday season (or any other season) with some interesting and intellectually-stimulating characters, as they explore these and other challenging questions. (Readers of the authors earlier novel, *A Multicultural Christmas*, will be pleased to see a brief reappearance of two characters from that book.)

Today, there are some eight million Witnesses worldwide, all actively engaged in evangelism under the direction of the Watch Tower Society. The author analyses issues that have brought them global visibility and even notoriety, including political neutrality, public ministry, blood transfusion, and anti-ecumenism. It also explores anti-Witness discourse, from media portrayals of the community as marginal and exotic to the anti-cult movement. Focusing on varied historical, ideological and national contexts, the book argues that Witnesses have had a defining influence on conceptions of religious tolerance in the modern world.

who really runs the watchtower society: The Watchtower's Coming Crisis Daniel Rodriguez, 2011 A devastating crisis has the Jehovah's Witness religion facing extinction. Chances are that you have never met a real "Jehovah's Witness." While those at your door may claim to be one of Jehovah's Witnesses, their own publications plainly teach otherwise. So, who are the real Jehovah's Witnesses? The Watchtower Society teaches that they are members of the 144,000 who will be the only ones going to heaven. Membership in this group began with the early apostles. Over the centuries others have been added but the Watchtower declared that the number was completed in 1935. Anyone who claims to be one of Jehovah's Witnesses has to be one of the 144,000 and must be very old now. However, the Watchtower Society teaches that these are the only ones who hear from God and are responsible for Watchtower teaching and leadership. Because these people are dying, the Watchtower is facing a credibility crisis. So, the Watchtower is quietly manipulating these death figures to keep the Watchtower organization alive! And now, just last year, Watchtower literature quietly began to try to wiggle out of the 1935 closing date for the 144,000. But this only adds further opportunity for you to show the "JW" who comes to your door that he cannot trust the Watchtower with his precious eternal life. The Watchtower representative at your door believes he will remain on "Paradise Earth" after the coming Armageddon, since only the original 144,000 have any hope of going to heaven. In fact, they are the only ones allowed to take communion. He does not believe he can understand Bible truths without the Watchtower. He is dependent on a publication that, one day soon, will be left without writers to reveal God's truths. Who are those writers? Those who remain of the original 144,000 and they are dying! Oddly enough, their founder, Charles Taze Russell, never taught the doctrine of the 144,000. In this book, you will learn the true history of this false Watchtower doctrine. You will be surprised to discover that this doctrine is not just a Bible issue. It is also a historical issue and a numbers game that the Watchtower Society has had to manipulate throughout the years to keep that organization alive! With the information and

witnessing strategies in this book, you will be able to plant seeds of doubt and undermine the authority of the Watchtower. The Watchtower knows it is essential that this cornerstone doctrine remain alive if it is going to continue to exist as the spiritual leader for its followers. Time is the enemy of this teaching and they know it.

who really runs the watchtower society: What if We are Wrong? Michael Sinkolongo, 2017-04-29 After having been a Jehovah's Witness for about six years, the author is confronted with a question that he has been thrusting aside for a long time. Important though this question is, he finds that merely asking it can lead to undesirable consequences, and none of his colleagues have allowed the possibility it points to to even form in the recesses of their minds. Inclined to go along with the flow, he, for a while, decides to ignore the splinter in his mind. However, his intense desire to defend the truth overrides him, and eventually, he finds that he must swim up the waterfall and find the answer to the question of all time; the question to which intuitively, he knows the answer: What if we are wrong?

who really runs the watchtower society: *Unveiling Theological and Doctrinal Concepts* Rev. Oscar García, 2013-10 In the present, the Christianity is going through a time of much confusion of false apostles and false prophets, along with false teachings and erroneous interpretations of the Bible. The churches have been infiltrated by homosexuality and bizarre cults; the moral crises at all levels in our society, the ravaging crime, rapes of children, and family violence all demonstrate the urgent need that the Christian people have to seek in prayer for God's intervention to heal human beings from their terrible spiritual condition. In this book, the reader will find concepts that may help him to grow and to get stronger spiritually. Here is a brief list of the many topics covered in this book: - More than three hundred Old Testament prophecies about the Messiah that were fulfilled in Jesus Christ - The deity from eternity of the Begotten Son of God that can be seen in both the Old and the New Testament - The evidence of the fullness of the Holy Spirit - The return of Jesus by the saints in the Old Testament, as well as in the New Testament, and the prophecies that demonstrate the rapture of the heirs of the kingdom of heaven of the born-again believers - The prophecies about the millennium and the time of its fulfillment - The security of the salvation of the kingdom of heaven of the children of God - The judgment of the nations and the White Throne judgment - The resurrection of the dead in the Millennium - The resurrection of the dead and the judgment of condemnation for the impious

who really runs the watchtower society: *World Religions and Cults Volume 1* Bodie Hodge, Roger Patterson, 2015-08-13 Religions in today's culture seem to be multiplying. Have you ever wondered why certain religions believe and practice what they do? Or how they view the Bible? This volume delves into these and other engaging questions, such as: How can a Christian witness to people in these religions? Do these other religions believe in creation and a Creator? How do we deal with these religions from a biblical authority perspective? Many religions and cults discussed in this first volume openly affirm that the Bible is true, but then something gets in their way. And there is a common factor every time—man's fallible opinions. In one way or another the Bible gets demoted, reinterpreted, or completely ignored. Man's ideas are used to throw the Bible's clear teaching out the window while false teachings are promoted. This book is a must for laymen, church leaders, teachers, and students to understand the trends in our culture and around the world where certain religions dominate, helping you discern truth and guard your faith. When you understand a religion's origins and teachings, you are in a better position to know how to proclaim the gospel of Jesus Christ as you take the good news to those in false religions.
