

words to not use in essays

words to not use in essays are essential to identify for anyone aiming to produce polished, academic writing. Avoiding certain words can elevate the clarity, formality, and overall impact of an essay. These forbidden terms often include informal language, clichés, contractions, and vague expressions that reduce the credibility of the writing. Understanding which words to exclude ensures that essays remain professional and persuasive. This article explores categories of words to avoid, reasons behind their exclusion, and practical alternatives that enhance essay quality. By mastering the art of word choice, writers can improve coherence, precision, and reader engagement. The following sections provide a detailed guide on words to not use in essays and effective strategies for refining academic writing.

- Common Informal Words to Avoid
- Why Contractions Should Be Excluded
- Clichés and Vague Expressions
- Overused and Redundant Words
- Effective Alternatives and Writing Tips

Common Informal Words to Avoid

Informal language is one of the primary categories of words to not use in essays. Academic writing demands a formal tone that conveys authority and objectivity. Using casual or conversational words can weaken an essay's professionalism and distract the reader. Informal words often include slang, colloquialisms, and conversational fillers that are inappropriate in scholarly contexts.

Examples of Informal Words

Words such as “kids” instead of “children,” “stuff” instead of “materials” or “items,” and “a lot” instead of “many” or “numerous” are common informal terms that should be avoided in essays. These words reduce the precision and seriousness expected in academic writing.

Impact on Essay Quality

Using informal language can lead to a loss of credibility and lower the perceived quality of an essay. Formal writing requires clarity and professionalism, which informal words undermine. Readers expect essays, especially in academic or professional settings, to maintain a standard that reflects careful thought and respect for the subject matter.

Why Contractions Should Be Excluded

Contractions such as “don’t,” “can’t,” “won’t,” and “isn’t” are common in everyday speech and informal writing but are generally discouraged in academic essays. The use of contractions can make writing seem casual and less authoritative, which conflicts with the formal style required in essays.

Formal Tone and Clarity

Avoiding contractions contributes to a clearer and more formal tone. Writing out the full forms, such as “do not,” “cannot,” and “will not,” adds weight to statements and enhances the essay’s seriousness. This practice also helps prevent ambiguity, ensuring that the reader interprets the text as intended.

Exceptions and Context

While contractions are typically avoided in formal essays, there may be exceptions in creative writing or personal statements where a conversational tone is appropriate. However, for academic essays, refraining from contractions is a standard expectation.

Clichés and Vague Expressions

Clichés and vague expressions are significant examples of words to not use in essays because they diminish originality and weaken arguments. Overused phrases such as “at the end of the day,” “in today’s society,” or “think outside the box” lack specificity and can make an essay appear unoriginal or superficial.

Problems with Clichés

Clichés can make writing predictable and uninspiring. They often fail to convey precise meaning and may confuse readers or cause them to disengage. Academic writing values fresh insights and clear reasoning, which clichés undermine.

Vague Expressions to Avoid

Words and phrases like “things,” “stuff,” “somehow,” or “a bit” are vague and imprecise. In essays, clarity and exactness are crucial for effective communication. Replacing vague language with specific terms improves the quality and impact of the writing.

Overused and Redundant Words

Overuse of certain words or redundancy can clutter essays and reduce their effectiveness. Some words become repetitive when used excessively, while redundancies unnecessarily repeat the same idea, wasting valuable space and weakening arguments.

Common Overused Words

Words like “very,” “really,” “just,” and “actually” are frequently overused in essays without adding meaningful emphasis. Their excessive use can dilute the strength of statements and make writing seem less confident.

Examples of Redundancy

Redundant phrases such as “each and every,” “first and foremost,” or “advance planning” repeat the same concept. Eliminating redundancy sharpens the prose and makes essays more concise and readable.

Strategies to Avoid Overuse

Varying vocabulary and focusing on precise language help prevent overuse and redundancy. Careful editing and proofreading are essential to identify and correct these issues before finalizing an essay.

Effective Alternatives and Writing Tips

Replacing words to not use in essays with more suitable alternatives enhances clarity, formality, and impact. Choosing precise, varied vocabulary and maintaining a formal tone are key to producing high-quality academic writing.

Substitutes for Informal and Vague Words

Instead of “a lot,” consider “many,” “numerous,” or “a significant number of.” Replace “kids” with “children” or “young people.” Instead of “stuff,” use “materials,” “items,” or “resources.” These alternatives improve specificity and professionalism.

Improving Word Choice and Style

Using a thesaurus judiciously can help find synonyms that enrich the text without sounding forced. However, writers should prioritize clarity over complexity and avoid obscure or overly technical terms unless appropriate for the audience.

Additional Writing Tips

1. Proofread essays carefully to identify informal, redundant, or vague words.
2. Read essays aloud to detect awkward phrasing and contractions.
3. Seek feedback from peers or instructors to improve word choice.

4. Practice rewriting sentences to enhance formality and precision.
5. Familiarize with academic style guides for discipline-specific standards.

Frequently Asked Questions

Why should I avoid using slang words in essays?

Slang words are informal and can make your essay appear unprofessional or casual. Using formal language ensures clarity and maintains the academic tone required in essays.

Are contractions like "don't" or "can't" appropriate in essays?

Generally, contractions should be avoided in formal essays because they can make the writing seem too conversational. It's better to use the full forms such as "do not" or "cannot."

Why is it important to avoid vague words in essays?

Vague words like "things," "stuff," or "some" lack specificity and can confuse readers. Precise language strengthens your arguments and makes your essay clearer.

Should I avoid using first-person pronouns like "I" or "we" in essays?

In many academic essays, especially formal ones, it's recommended to avoid first-person pronouns to maintain an objective tone. However, some essay types or instructors may allow them, so check the guidelines.

Why are filler words such as "very," "really," or "just" discouraged in essays?

Filler words often add little meaning and can weaken your writing. Eliminating them makes your sentences more concise and impactful.

Is it advisable to avoid using clichés in essays?

Yes, clichés are overused expressions that can make your writing seem unoriginal and lazy. Using fresh, precise language will engage readers more effectively.

Why should I avoid overly complex or obscure words in my essay?

Using unnecessarily complex or obscure words can confuse readers and disrupt the flow of your essay. It's better to use clear and straightforward language to communicate your ideas effectively.

Are emotive or biased words appropriate in academic essays?

Academic essays should be objective and unbiased. Emotive or subjective words can undermine your credibility and weaken your argument by appearing partial.

Should I avoid using informal phrases or idioms in essays?

Informal phrases and idioms are often culturally specific and can be misunderstood by some readers. They are best avoided in formal essays to maintain clarity and professionalism.

Additional Resources

1. *Words to Avoid: A Writer's Guide to Clear and Effective Essays*

This book highlights common words and phrases that weaken academic writing. It explains why certain words can make essays seem vague or unprofessional and offers practical alternatives. Writers will learn how to craft stronger, more precise sentences to improve their overall essay quality.

2. *The Language Trap: Eliminating Fluffy Words in Academic Writing*

Focused on the pitfalls of overused and unnecessary words, this book teaches readers how to identify and remove fluff from their essays. It provides strategies for concise writing and emphasizes clarity and precision. Ideal for students aiming to make their arguments more compelling.

3. *Clear Words, Clear Ideas: Avoiding Weak Language in Essays*

This guide explores the impact of weak or ambiguous language on essay effectiveness. It offers tips for replacing filler words and clichés with strong, specific vocabulary. Readers will gain skills to enhance the persuasiveness and clarity of their academic papers.

4. *Banishing Buzzwords: Writing Essays Without Empty Language*

Buzzwords and trendy phrases can dilute the strength of an essay. This book identifies common buzzwords and explains why they should be avoided. It also suggests alternative expressions that maintain the writer's voice while improving readability.

5. *The No-Nonsense Essay: Cutting Out Wordiness and Redundancy*

Focusing on wordiness and redundancy, this book helps writers streamline their essays. It provides exercises to spot unnecessary repetition and verbose constructions. Readers will learn how to write succinctly without losing meaning or nuance.

6. *Words That Weaken: Identifying and Replacing Ineffective Essay Language*

This resource categorizes words that often weaken arguments, such as vague qualifiers and hedging phrases. It offers practical advice on how to strengthen claims by using confident, precise language. The book is useful for anyone looking to improve their academic writing skills.

7. *Cut the Crap: A Student's Guide to Powerful Essay Writing*

Aimed at students, this book encourages eliminating filler words and empty phrases that clutter essays. It provides clear examples and step-by-step guidance to transform weak writing into impactful prose. The tone is approachable, making it easy to apply tips immediately.

8. *Say It Strong: Words to Use and Words to Lose in Essays*

This book contrasts strong, effective words with those that weaken writing. It includes lists of words to

avoid and explains the reasoning behind these choices. Readers will develop a better understanding of language's role in crafting persuasive essays.

9. *Writing with Precision: Avoiding Common Pitfalls in Essay Language*

Precision is key in academic writing, and this book focuses on avoiding vague or imprecise language. It helps writers recognize pitfalls such as overgeneralizations and empty qualifiers. With practical tips and examples, it guides students toward more exact and impactful essays.

words to not use in essays: Reply to Professor Stuarts' Exegetical Essays on Several Words Relating to Future Punishment Walter Balfour, 1831

words to not use in essays: Homework Helpers: Essays & Term Papers Michelle McLean, 2011-01-20 A fun, user-friendly guide that takes the confusion out of writing essays and papers for students of all ages. Unlike other books that are so full of technical jargon that they confuse more than help, Homework Helpers: Essays and Term Papers uses straightforward language and simple steps to guide students through the essay-writing process. Homework Helpers: Essays and Term Papers: • Describes in detailed “plain English” each element and step involved in writing a dozen different types of essays. • Includes a rough, edited, and final draft sample of each type of essay discussed. • Explains the necessity of proofreading and citing sources, providing tips and instruction on how to accomplish these tasks. • Presents step-by-step instructions on how to write a great SAT essay. • Discusses what students can expect when they reach college-level courses. Students of all ages can find help in writing essays for every major subject in high school or college. Neophytes will find guidance on the basics, while those further along in their educational career can adapt the detailed instructions for more in-depth assignments.

words to not use in essays: How to Write Law Essays & Exams S. I. Strong, 2014 This book provides law students with a practical and proven method of analyzing and answering essays and exam questions. Designed for students of all levels, including A-level, university, conversion, and vocational courses, the text teaches vital writing and analytical skills to help students in their substantive law studies.

words to not use in essays: Writing to Learn Academic Words Breno B. Silva, 2022-08-22 This book highlights the importance of English academic vocabulary for success at university and explores written tasks as effective pedagogical tools to promote the acquisition of academic words. The book reviews germane and recent SLA, psycholinguistic, corpus linguistics, and L2 writing research to underscore the challenges associated with the learning of academic words. Then, it reports on three empirical studies conducted in the Polish context. The first study develops a reliable tool to assess the knowledge of academic vocabulary of undergraduate learners. The second and third studies investigate the learning of academic words after the writing of sentences and argumentative essays, and discuss the role of cognition as a mediator of such learning. The book also provides an accessible introduction to linear mixed-effect models, a powerful, reliable, and flexible statistical technique that has been gaining popularity among SLA and psycholinguistics researchers.

words to not use in essays: Successful Essay Writing for Senior High School, College and University Barry Spurr, 2005 Following a history of Chinese calligraphy — going all the way back to the pictographic beginnings of Chinese writing more than 4,000 years ago — the author explains the basic construction of individual characters and the ways in which calligraphy is used by Chinese artists, including calligraphic seals and inscriptions on paintings.

The Student Success series are essential guides for students of all levels. From how to think critically and write great essays to planning your dream career, the Student Success series helps you study smarter and get the best from your time at university. Visit the SAGE Study Skills hub for tips and resources for study success!

words to not use in essays: *Real Essays with Readings with 2009 MLA Update* Susan Anker, 2009-06-23 Click here to find out more about the 2009 MLA Updates and the 2010 APA Updates. Real Essays with Readings is the essay-level book in Susan Anker's highly successful series of writing texts that motivate students with their message that writing is an essential skill in college and in real life — and that this skill is achievable. Anker's advice, examples, and assignments show the relevance of writing to all aspects of students' lives, and profiles of former students prove that success is attainable. Like all the books in the Anker series, Real Essays presents writing in logical, manageable increments: step-by-step writing guides and a focus on the four basics of each mode of writing keep students from becoming overwhelmed. Real Essays maintains its emphasis on what really matters by focusing on the four most serious errors (fragments, run-ons, subject-verb agreement problems, and verb form problems). Real Essays gives students what they need to succeed in college and become stronger academic writers.

words to not use in essays: *Essays chiefly on questions of Church and State. From 1850 to 1870* Arthur Penrhyn STANLEY (Dean of Westminster.), 1870

words to not use in essays: *The Essays of Virginia Woolf, Volume 5* Virginia Woolf, 2017-08-24 Fiction was the core of Virginia Woolf's work. But she took her essay writing very seriously, spending a great deal of time on each essay and finding they provided a refreshing diversion from fiction. Her essays informed her fiction, and vice versa; this volume shows her thinking about the possibility of poeticising the novel (The Waves was the result) and in some of these pieces ('Women and Fiction', 'Women and Leisure') she considers the relationship between women, writing and society - the preoccupation that would become such a large part of her legacy. The Common Reader: Second Series comprises a significant part of this volume - it was first published in 1932 to excellent reviews. ('They are wholly delightful. They are sensitive, acute, picturesque, humorous, and yet severe.' Vita Sackville-West; 'Is there anybody writing anywhere in the world at this moment who could surpass the essay...so beautifully moulded into a form appropriate to its content that what is an authentic critical masterpiece seems as light on the mind as a song?' Rebecca West) This collection shows Woolf's genius as a critic and essayist: as well as displaying her perceptive understanding of writers and their work, it also offers us an important insight into her creative mind. Continuing the work of former editor Andrew McNeillie, Stuart N. Clarke brings fresh light to Woolf's essays and enriches them with variations. This penultimate volume forms part of an indispensable, unique collection from one of our greatest writers.
